

## **Survey Opens Regarding On-site Child Care Center**

The School District of Shiocton is interested in learning more about the child care needs for children ages Birth to 5. If you have children within this range OR if you anticipate having children within this range in the coming two years, please take a few minutes to complete this survey.

### **TAKE THE SURVEY**

Parents of children birth to 4K/5K and those expecting within the next two years are encouraged to take the survey, which can be accessed at <http://shiocton.donovan-group.com/> . The survey will be available from April 18 through May 8. [Only one parent from each household should take the survey so as to most accurately estimate child care needs.] Parents without Internet access at home are encouraged to visit the public library or the school to complete the survey.

### **NEXT STEPS**

The survey results will be used to determine if there is a need and/or interest for additional child care services in the community for children birth to 4K/5K age. Once these results are known, we will bring together the current child care providers to discuss what availability exists for their in-home sites. Ultimately, it's a matter of supply and demand - is the supply of child care offerings now and in the future sufficient to meet the demands as shown through the survey.

Questions can be sent to Mrs. Schweitzer at [nschweitzer@shiocton.k12.wi.us](mailto:nschweitzer@shiocton.k12.wi.us) or call 920-986-3351 x761.
