## Wickesberg Recognized for 40 Years of Support

On Monday, August 15, the Board of Education held a Moment of Merit to honor Mr. Dick Wickesberg for his 40 years of unwavering support of the school district and its efforts to educate children. Mr. Brad Ritchie, Board President, described many times in which Dick had put in a good word for the school district to those he spoke with at the River Rail and how those words made a positive impact on that person's viewpoint of the district. Mrs. Schweitzer, District Administrator, noted his generosity over the years, including giving hams for the holiday food drive and funds for other

needed items. Mr. David Gomm, Board Clerk, thanked Dick for always being willing to support the school and the clubs, whether it was the GridIron's annual banquet or the Wrestling Club's widely successful Corn Hole tournament. In recognition of his 40 years of support, Dick was gifted with a Shiocton sweatshirt with the words "BIGGEST FAN" and the number 40 printed on the back.

The School District of Shiocton wishes to publicly thank Mr. Dick Wickesberg for all of his support and generosity over the years. **Best wishes in retirement!**

## CHIEF CHATTER WELCOME BACK!

From teacher in-service and Open House to bus schedules and class selections, we have worked diligently in the month of August to prepare for our first day of the 2022-2023 school year.

Too, we have been working during the month of August to set the stage for growth not just for the current school year but for years to come. Community Listen and Learn sessions have been co-hosted with Hoffman as a means of soliciting input from families and community members on how they would like to see the District grow to in the coming years. Please consider attending the **September 7, 2022 session beginning at 6:30PM** in the LMC.

To every child, each staff member, and all of our families, we are excited to welcome you all back to school!  
~ Mrs. Schweitzer

### REMINDER:

School doors open at 7:40AM  
beginning August 29.

# NEWS FROM GRADES 7-12 OFFICE

Greetings to our Shiocton School Community Family,

I am Nick Ortlieb, the 7th-12th grade Principal. I am excited to be able to reach out to all of you as we get closer to the start of the 2022-2023 school year. Our team in the Middle School/High School Office are looking forward to seeing our students back with us in just a few short weeks. There is a great deal of preparation being completed, but feel free to reach out to us via email, phone, or stop by the office if you have questions.

For those who have not had the chance to get to know me, particularly our incoming 7th grade families and families first coming into the district, I want to tell you a little about myself and the style I use as a building principal. First, I believe that the most vital things that both teachers and I can do to make our educational system work here in Shiocton is to build trusting teacher/pupil relationships with our students. This helps our educators see what works best to help children achieve success. I do my best to frequent classrooms and talk directly with students throughout the day. Second, I believe in a fair and consistent approach when working with students on behavioral expectations. I am also heavy on communication if concerns come about from behavioral expectations. In short, I expect that all students treat each other, themselves, and staff members with respect. This means they should conduct themselves as if they are in a professional working environment. This will help our middle school students prepare for high school, and our high school students prepare for life after school. Part of this professional approach required frequent communication on attendance, as attendance “on the job” is vital once our students leave school.

I would also like to take the opportunity to inform community members about some upcoming dates for the 2022-2023 school year. Our first day of school is coming up on August 29, 2022. There will be no school on September 2, 2022 and September 5, 2022. Homecoming this year will be held on September 30, 2022. There will be no school for students on October 3, 2022 due to a Professional Development day for staff. Our parent/teacher conferences will take place on October 18, 2022 and October 20, 2022. We will also have no school on October 21, 2022 due to a Professional Development day for staff. The end of the first quarter grading period will be on November 2, 2022.

If you have any questions or need any information on the happenings here in the Middle School/High School, please reach out.

Thank You.  
 Nick Ortlieb  
 Grades 7-12 Principal

## **SAFETY FILM INSTALLED**

On Tuesday, August 16, Sunshadow Window Tinting completed the first of a two-phase process to install safety film on glass doors and windows of the district building.

The 3M Ultra Series film is a clear film that is placed on the glass doors and office windows. The film is designed to keep the glass together should it shatter if struck by an object. "Given the many glass doors that comprise our primary and secondary entrances, we felt it was time to install the film, which will provide an additional layer of protection should the glass shatter from a projectile," stated Mrs. Schweitzer, Superintendent.

"The film can be beneficial to people, because the glass will not break apart leaving jagged edges to cut themselves on, in the event that they should fall into and then through the glass opening. Too, the film provides an extra layer of protection in the event that someone is trying to get into the building because the glass is held together rather than breaking away so as to allow someone to gain entrance. While we hope that neither scenario comes to pass, at the very least, we will know that we have done what we can to protect our students, staff, and visitors."

To learn more about Sunshadow's commercial film designed for safety and security, visit: <https://sunshadowtinting.com/safety-security/>.

## **BACK-TO-SCHOOL: SAFETY TRAINING**

Professional and support staff members, including custodians and food service staff, participated in a refresher training related to our safety philosophy and response to crisis events.

Throughout the four days of in-service, multiple drills and scenarios were practiced by all staff members, including SCCC teachers. The drills were designed to provide all staff members the opportunity to practice the skills and actions that will aid them in keeping students and themselves safe in the event of a true crisis. Staff will continue to drill and practice throughout the school year.

A big thank you to the Shiocton Police Department and the Outagamie County Sheriff's Department for participating in the training and drills.

## **CONSCIOUS DISCIPLINE: BUILDING RESILIENT CLASSROOMS**

During the back-to-school in-service days, teachers and support staff continued their learning related to Conscious Discipline. The training is designed to assist staff members in understanding students' social-emotional status, thereby influencing our actions and environments.

Training included a refresher from prior trainings last year, including a review of the survival and emotional Brain States. More time was spent during this training on the executive Brain State, including the skills that comprise this state: attention, time management, organization, prioritization, working memory,

impulse control, flexibility, empathy, metacognition, task initiation, goal achievement, and emotional control. We will continue to explore how our actions, communication, and constructed learning environments can best support students as they move in and out of the three Brain States throughout the day.

## **SCHOOL DISTRICT OF SHIOCTON ANNUAL NOTICE OF SPECIAL EDUCATION REFERRAL AND EVALUATION PROCEDURES**

Upon request, the School District of Shiocton is required to evaluate a child for eligibility for special education services. A request for evaluation is known as a referral. When the district receives a referral, the district will appoint an Individualized Education Program (IEP) team to determine if the child has a disability, and if the child needs special education services. The district locates, identifies, and evaluated all children with disabilities who are enrolled by their parents in private (including religious) schools, elementary schools and secondary schools located in the school district.

A physician, nurse, psychologist, social worker, or administrator of a social agency who reasonably believes a child brought to him or her for services is a child with a disability has a legal duty to refer the child, including a homeless child, to the school district in which the child resides. Before referring the child, the person making the referral must inform the child's parent that the referral will be made.

Other, including parents, who reasonably believe a child is a child with a disability may also refer a child, including a homeless child, to the school district in which the child resides.

Referrals must be in writing and include the reason why the person believes the child is a child with a disability. A referral may be made by contacting: Mrs. Kelly Thiel; Director of Special Education, at (920) 986-3351 ext 773, or by writing at N5650 Broad Street, PO Box 68, Shiocton, WI 54170

## FIFTH GRADERS ARE GETTING READY TO EXPLORE

Our new fifth graders are excited to tackle their last year of elementary school. This year is a year of new experiences. Students will be entering the mathematical world of two-digit multiplication, division, fractions and geometry. In social studies, our classes will be learning about our country's westward expansion as well as general facts about the makeup of the 50 states. English Language Arts (ELA) focuses on reading and writing with more depth, interest and intent. They will write personal stories, memoirs, research essays about westward expansion and persuasive argument essays. In science, they will hone their observational skills while studying mixtures and solutions, as well as the world around them.

Fifth grade is also about tons of fun. Everyone is excited for Camp U-Nah-Li-Ya which is our 3 day overnight learning experience in October. We will also be getting out to the Shiocton Airport to make a real connection to one of our class novels. Additionally, we will visit a nature center to try our hand at snowshoeing.

**24**  
**X16**

Students will attend Camp U-NA-Li-Ya from October 12-14, 2022. Fourth and fifth graders will again have the chance to fundraise for camp. Choice Rewards will again handle the fundraiser. Look for the fundraiser to start around September 10 and all of the fundraiser packets to be coming home. **It is going to be a fun and exciting year!**

### **SHIOCTON SCHOOLS: SAFE, WELCOMING, INCLUSIVE**

During in-service, staff participated in a Diversity, Equity and Inclusion (DEI) training with Rayon Brown, the Vice President of DEI at Fox Valley Technical College. Staff discussed the importance of creating an environment that is safe, welcoming, and inclusive for all of our students. We look forward to continuing to learn and grow!

### DIVERSITY AND INCLUSION

Diversity and Inclusion welcomes you to another school year!

As the 2022-23 school year gets underway, the Diversity and Inclusion team would like to sincerely thank everyone who attended the Back to School Night after open house. Hopefully everyone enjoyed the evening of camaraderie with the school community while enjoying music, games, and snacks. The committee was happy to host this event as a way to bring everyone together and kick off the school year on the right foot!

During staff in-service, the Diversity and Inclusion committee also brought in Rayon Brown, the Regional Vice-President for Diversity, Equity, and Inclusion for Fox Valley Technical College. Rayon Brown spoke to staff and led collaboration on common definitions of diversity, equity, and inclusion. Suggestions were shared with staff on how to ensure all learning environments are diverse, equitable, and inclusive. As staff looks forward to meeting the needs of all learners this year, it was a great session to begin the year.

Wishing everyone an excellent 2022-23 school year!

### SHIOCTON BUSINESS LEAGUE

The School District of Shiocton is pleased to join forces with the Shiocton Business League to promote our great community and to foster continued growth for the businesses, organizations, and schools.

If you are interested in joining the Shiocton Business League, please email Mrs. Schweitzer at [nschweitzer@shiocton.k12.wi.us](mailto:nschweitzer@shiocton.k12.wi.us).

## 2022 Required Notice of Youth Suicide Prevention Resources

More youth suicide prevention resources are available at: <http://dpi.wi.gov/sspw/mental-health/youth-suicide-prevention>

### Youth Suicide Prevention Resources Are Available

To get updated information on suicide prevention, intervention, and postvention resources, visit [DPI's website](#). This website includes resources that address topics such as suicide prevention requirements in state law, facts about youth suicide, strategies on suicide interventions, memorial suggestions, and a downloadable suicide prevention curriculum. It also includes a variety of resources for gatekeeper training for all staff. Soon, you will have access to multiple brief modules for use with staff, students, and parents to help them better understand youth suicide prevention.

#### Know the Signs

Suicide doesn't usually happen out of the blue—most often, there are warning signs for others to see or hear. Get the **FACTS** and know the signs of suicidal thinking in your students, friends, and family members.

##### Feelings

- Hopelessness
- Rage, uncontrolled anger, seeking revenge
- Feeling trapped – like there's no way out
- Having no sense of purpose in life

##### Actions

- Acting reckless or engaging in risky activities
- Withdrawing from friends, family, society, and typical activities
- Increased use of alcohol or drugs
- Giving away prized possessions

##### Changes

- Decline in quality of schoolwork
- Dramatic mood changes
- Anxiety, agitation, change of eating/sleeping habits

##### Threats

- Threatening/talking about hurting self

*From American Association of Suicidology*

*When youth are facing what they believe is a crisis and exhibit warning signs of suicide, be sure they are not left alone or sent home without supervision.*

#### Suicide Is a Complex Problem

Oversimplifying the reasons someone takes their own life is not helpful. For instance, saying bullying "caused" someone to end their life is not accurate. Not all bullying victims die by suicide. Research indicates many factors contribute to suicide, including biological factors, precipitating factors, and triggering events. Examples of biological factors include mental illness or losing a family member to suicide. Precipitating factors include poor grades, attending an unsafe school, victimization, or family rejection. Triggering events include experiencing a major loss, humiliation, or bullying and having access to lethal means. Multiple factors are involved when someone dies by suicide.

*From: Suicide Awareness Voices in Education (2022): <https://save.org/about-suicide/preventing-suicide/>*

#### Identifying the factors for disproportionate suicide risk in youth is vital to prevention.

- Mental health issues: the most common mental illness leading to suicide is depression. It is also the most treatable!
- LGBTQ youth: state data across the last five years has shown LGBTQ youth are almost 3.5 times more likely to have thought about suicide, planned how to end their life, or attempted suicide than their non-LGBTQ peers (YRBS 2019).
- AODA issues: Binge drinking and unhealthy drug use are highly correlated with suicide attempts. Ninety percent of people who died by suicide had some form of mental illness or an alcohol or other drug abuse problem.

Youth who attempt suicide most often use a gun or drugs kept in the home or a method of self-strangulation.

#### Practicing lethal means safety (removing dangerous objects from access) is the most effective suicide prevention strategy.

- School staff should question parents or caregivers about their student's access to lethal means.
- Do not allow youth to have unsupervised access to firearms or dangerous medications. Encouraging safe and secure storage of all lethal means is a critical prevention strategy.

### Important Resources

#### What can you do if you are concerned about a student?

Teachers and other school staff are well-positioned to observe student behavior and **ACT** if there is a suspicion that a student may consider self-harm. Suicide is a permanent solution to a temporary problem, but for kids, their problems can seem endless at this stage. If we get them through the crisis, there is a 90 percent chance that they will never attempt suicide. ACT stands for **Acknowledge, Care, and Tell**.

A  
C  
T

#### Acknowledge feelings rather than minimize them.

Telling a student to "get over it" or "move on" is not a realistic outcome when dealing with a person with depression.

- "I'm sorry to hear about this. It sounds really hard."

#### Show Care and Concern for the student by taking the next step.

- "I'm worried about you. I don't want anything bad to happen to you or for you to be hurt."

#### Tell a member of your crisis team. They know how to work with students who have concerns like these.

- "Let's go talk with someone in the counseling office."

These steps, Acknowledge-Care-Tell (ACT), are central components of the "Signs of Suicide" program (SOS), an evidence-based schoolwide intervention program. SOS kits for middle school and high school are available through your local CESA. State law mandates schools educate students on suicide prevention; see the laws handout on the DPI website for further details on the curriculum.

### Common Concerns

**What if I make a mistake? Can I be sued?** No. State law insulates all public and private school district employees and volunteers from civil liability for their acts and omissions when trying to intervene in a student's possible suicide. Lawmakers believe it is imperative that adults take action when a student is suicidal, and the law protects those adults from any civil liability for their intervention efforts.

**Does asking about suicide cause a student to attempt it?** No. This issue has been thoroughly studied. By asking a student about suicidal intent, you are offering to help them. Please do your best to reach out to students.

#### Seeing Urgent Warning Signs? Here's What to Avoid

All children and adolescents can experience moodiness and will take time to ask life's big questions. Since they lack the perspective of time, they can become overwhelmed. The best role for teachers is to support students, and if you see the suicide warning signs, use ACT. Some of the statements below might make perfect sense for students who aren't suicidal, but when kids are in crisis, these things can make it worse.

Here are some actions and words to avoid when you see the urgent warning signs:

##### Don't Shame

- "You've got to get over this. It's not a big deal."
- "Why are you so worried? Move on!"
- "You're too sensitive. Grow up!"

##### Don't Delay

- When you see urgent warning signs, get help right away.
- Don't wait.

##### Don't Blame

- "If you wanted a better grade, you would have worked harder."
- "You've got no one to blame but yourself."
- "Maybe you should change your attitude if you want friends."

##### Don't Give Up

- Suicide is NOT a destiny—when people make it through the suicidal crisis, they usually go on to live healthy, productive lives!

##### Don't Do It Alone

- Consult other pupil services staff or administration to help.

## TERRACYCLE UPDATE

In case you haven't seen the amazing items that we WON last year from Terracycle, here are a few snapshots. Our district is doing our part to educate about recycling at all ages. These garden beds are beautifying our main entrance and the elementary entrance as well. The benches, and picnic tables are being used frequently as well.

## RECYCLE PROGRAMS

Below you will find 4 of the programs that our district is currently part of. At this time, please send the muffin wrappers or empty juice pouches in a ziplock bag with Ms. Schmidt on it, our collection bin in the cafeteria will be returning soon. Please remind your child to EMPTY the items before placing them in the bins. We have saved thousands of items from heading to the landfills. They are being reused, upcycled, or recycled. That is the most amazing part. Burt's Bees packages and products along with writing utensils will be collected in the bins by the elementary office. PLEASE don't throw them away! Please save these items from the landfills, and help us recycle. Any questions please email me at [rschmidt@shiocton.k12.wi.us](mailto:rschmidt@shiocton.k12.wi.us). Thanks for helping us save our planet!
