## Solo and Ensemble

This past weekend, the musical groups from Shiocton went to Menominee Indian High School for Solo and Ensemble. It was once again a successful event. For choir, there was a total of 23 Class A solos, and out of those, 12 of them will be going to state. Out of the four ensembles, two of them will be going on to state. When we asked Mrs. Anderson what she thought about Solo and Ensemble, she replied, "Elaina Jandourek is the MVP with four pieces that are going to state this year." This is the most number of students that are being sent to state in school history. We had a chance to ask one of the accompanists the choir had for Solo and Ensemble about how prepared she felt the choir students were. Mrs. Isbill said, "The students were absolutely prepared, and I really enjoyed being able to be a part of it and seeing all the hard work that was put in the pieces." As for Band, there are a total of six Class A solos that are going to state. When we asked Mr. Yenor why Solo and Ensemble is so important, he replied, "It gives us a chance to focus on each student's ability and where they need to grow as a musician." He also commented, "This is by far our most successful year." Some students, like Kaitlyn Schroth and Jennifer Zahradka, were just one point away from going to state. Yet, they all did extremely well. Josh Lepak did a piano solo, and his piece will be going to state. Congratulations to all of the music students for outstanding performances!

## Life After High School

As you all know, the seniors are near the end of high school. The seniors

are counting down the days until graduation day. The graduation date is scheduled to be on Sunday, May 23. Do you wonder what will become of the seniors? I went around and ask some seniors what he or she is planning to do after high school.

Leticia Krause looks forward to getting a good job and hopefully getting married. She said, "I don't want to be poor, and I want to be happy." When being asked, Brianna replied, "Not dealing with high school drama and having an overall successful life." She says that drama brings her down, and she just wants to be doing fine in the future. Miranda Walenski wants to take lessons for ballroom dancing and the tango. Miranda replied, "I just want to start a family of my own, and spend time with my family in Crandon." Amber Rietveld looks forward to going to college and living her life the way she wants to. As a senior, I wish the best of luck to the Class of 2010!

## New Books in the Library

Many of you don't know about the great new books in the LMC. This year there is a rule that you have to go and get a pass to go to the library, but if you are just going to get a book, you don't need one. It is called a short visit when you only go to get a book and then head back to study hall. With knowing this, you now can go to the library and grab an awesome book. Here are some of the books that are new in the library:

The Blindside by: Michael Lewis

-Michael Oher is a football star. His mother was a crack addict, and his dad was murdered. He had a G.P.A of 0.6. A family saw that he was homeless and took him into their home. Find out how he gets to the pros in this fabulous book.

Ellen Hopkins' Books

-Ellen Hopkins is an amazing author who wrote the books Impulse, Crank, Glass, Burned, Tricked, and Identical. Each of these books deals with a different conflict that any teenage person could encounter; like drugs, drinking, sexual abuse, getting pregnant, and suicide. Ellen has written these books as poems turned story. Find out what happens with the conflicts in these books.

Along for the Ride by: Sarah Dessen

-Auden, a girl who never had a social life, always worried about her studies, until she spent the summer before college at her dad's house. She never quite understood how to be a teenager until she met Eli, a loner boy who helps her on a quest to do things normal teenagers would do. Will they complete the quest, or does Eli fall or Auden? Well, go ahead and read the book to find out.

These, along with many other great books, are all available at the library. There are books for all ages. So don't be shy and head on down. Maybe soon you will have your head buried in a great book.

By: Amber Rietveld

# Navarino Slopes

## (Towne of Maine's Greatest Secret)

With the end of winter soon approaching, or at least most people hope, students may want to get out and enjoy the snow. Whether it is skiing, snowboarding, or tubing, now is the time to go. There are many places to enjoy these activities at, but Navarino Slopes is a great facility that is also close to home. Stacey Krull has skied at Navarino Slopes and liked it. "It's a great place to have fun and enjoy the outdoors with your friends and family," commented Stacey.

Navarino Slopes is located north of Shiocton on Hwy. 187. Navarino Slopes offers activities for all ages including downhill skiing, snowboarding, and tubing, all with either a chair-lift or tow-rope. They also teach beginner lessons. Both daytime and nighttime skiing is available with music on the slopes.

Navarino Slopes is now offering a \*March Special\* in which every Friday during March, rentals will be half price, only \$9.00. Their rates vary greatly depending on the hour you go, and the equipment you would need, but you can find a full rates graph at [www.navarinoslopes.com/navarino.htm](http://www.navarinoslopes.com/navarino.htm). All rates are very reasonable.

They also have great food and beverages at all times. You can come in the chalet at any time, and warm up with a hot cup of cappuccino, hot chocolate, or coffee. You can also warm up at night by the outside fire pits located around the hills.

They are open on the following: Fridays from 6:00 p.m.-10 p.m., Saturdays 10 a.m.-10 p.m., and Sundays 10:00 a.m.-5:30 p.m. Tubing is only open until 8 p.m. They are also open on Thursday's, but by reservation only. Please call 920-525-5501 to reserve.

Get out and enjoy the last of winter. Go to Navarino Slopes, and have a great time skiing, snowboarding, or tubing!

## The Third Quarter Blues

The end of school is approaching, and many of the students are getting sick of school. The seniors will be going on their senior trip, the softball team will soon be leaving for Florida, and it will soon be spring break, but why are we all getting sick of school when we have these events coming up? When I asked Rogena when the longest part of the school year is, she replied, "The third and fourth quarter, when the weather's nice and you want to be outside, is the longest part of school." This is the longest part of school without a break, and students are just waiting to get out for summer vacation.

What do you think will help us to get out of the 3<sup>rd</sup> quarter blues? When I asked Rogena this question, she answered, "Teachers could make the classes more exciting to help us students get out of this long period of school." I think that is a good idea; the students could also do activities outside of school. The students could go to Navarino slopes to go skiing, snowboarding, or go tubing with their family and friends. They could also go out with friends, like go shopping, go to the movies, or just go out to eat. Now next time you're sick of school, go out and have fun with your friends more often, and then maybe the last few months of school will go by a little faster for you.

By: Stacey Krull

## Shiocton Dance Team

The Shiocton High School Dance Team's try-outs are coming up. They are being held from March 1-3 from 3:15 p.m. to 5:00 p.m. The try-outs are located in the cafeteria. Of-

ficial tryouts are held on March 6, 2010, from 10:00 a.m.-2:30 p.m., also in the cafeteria. Please show up and tryout if your dream is to become a dancer.

The Shiocton Dance Team has six dancers on the team right now. Harley Krause is one of them. Harley gave an explanation as to what would happen at the tryouts. "First we teach the girls some techniques. Then we give them three different routines to perform for the team," commented Harley. When asked if she had any advice to give to any girls she explained, "Don't be scared, and just be confident. Make sure you smile!"

# CLUBS

## Seniors Took Home the Donkey Basketball Gold!

Dairyland Donkey Ball, LLC, came to Shiocton High School on February 18, 2010. Many students, staff, and members of the community attended. The seniors were the champions of the whole night after two tough wins!

Two very competitive games were played. Sadly, the juniors were defeated by the staff after a very strong fight. Then there was an awesome intermission, in which all the young children could get a free donkey ride. The seniors pulled out a win over the Fire Department but only by a few points. The high-scoring, championship game was won by the seniors. When asked who the most valuable senior player on the team was, Amber Rietveld replied, "Jesse LaPinske, our team captain, of course. He scored a lot of points for us!"

These Donkey Basketball games were not at all easy! Many people took a lot of falls. Matt Woods commented, "I felt really good, but this is only for the crazy brave and phony tough!" Brianna Ernest also fell off her bucking donkey a few times. Brianna exclaimed, "I had fun! I just wish I would have had time with both a bucking and normal donkey!" Thankfully, nobody was seriously injured.

This is a big fundraiser for the Shiocton Student Council. They made around \$1500. "This was absolutely a success! We made a fair amount of money but with less people," commented Mrs. Uelmen. The Student Council did a ton of hard work in order to make this night a success. Members had to sell tickets, advertise, and put up posters.

Four members also had to help take care of the donkeys before the game. They showed up on the night of basketball at 4:00 p.m. to provide donkey care. We had to brush the donkeys, clean out their trailer, and haul their water outside. "It was hard work, but it was worth it when you got to scratch those cute donkey ears," commented Jacob Riehl.

All in all, the Donkey Basketball night was quite fun. This is a great community activity that hopefully will be around for many years to come!

# SPORTS

## Chiefs Suffer Two Losses

## Pacelli

Friday, the girls' basketball team played away at Pacelli. The team was looking for a win against the Cardinals with a close score from the last game. The girls showed up to the Cardinal's home court with game faces on. The game started off well with good defense leaving the score of the first quarter 2-8 Pacelli. The second quarter was rough. The girls couldn't put their offense together and started to fall apart on defense. This left the half time score at 8-18 them. In the third quarter, the team tried to come out strong

with their defense and started to put their offense together. At the end of the third, the score was 12-24 Pacelli. In the second half, the Chiefs had 3 of their starters in foul trouble which created a few problems. The Chiefs ended up losing with a final score of 18-34. Leading scorers for the night were Jennifer Van Asten with 6 and Cassie Scott and Nicole Ritchie with 4.

Tuesday, the girls played at home against the visiting Sturgeon Bay Clippers. The Chiefs had an amazing start to the game. Defense was phenomenal, moving their feet, jumping to the ball, and seeing the court. They ran the offense, they were patient with the ball, and they looked for the open shot. Until the last minute and a half in the first quarter the score was 2-2. The Chiefs had many turnovers and broke down leaving the first quarter score 2-18 Sturgeon Bay. They were still recovering from the quick lead the Clippers took in the second quarter leaving the half time score 8-34. During half time, Coach Sixel tried to talk to the girls about the game and the way they were playing. They played with them for six and a half minutes solid, why couldn't they finish the rest of the game that way? The Chiefs went out there and tried to play the rest of the game like the first quarter but couldn't catch up from the lead the Clippers took in the first half leaving the final score 18-76.

Today, the girls will be playing the Bonduel Bears at Bonduel. Next week, they have games against Marion and Iola. Come out and support your girls' basketball team if you get the chance!

By: Laura Gomm

Last Friday, the boys' basketball team played the Pacelli Cardinals at home. Shiocton came out to a very slow start with scoring zero points in the first quarter. The Cardinals didn't come out very strong themselves with scoring 8 in the first. The second quarter was much better offensively for the Chiefs, scoring 10 points. Defense was a weak point for the Chiefs allowing the Cardinals to score 19 in the second quarter. With the score of 10-27 at half time, it was not looking good for the Chiefs. With the start of the third quarter, the Chiefs were pumped up for the rest of the game. "We played hard in the third, but we couldn't keep up with them in the end," commented Jacob Bedor. The Cardinals outscored the Chiefs 13-4 in the third. During the fourth quarter, the team started to show signs of life outscoring the Cardinals 13-5, but it was too little too late. As the final buzzer buzzed, the score was 45-27.

By: Zach Snortum

# Youth Basketball Tournament

## NEW Lutheran

On Tuesday, the Shiocton boys' basketball team played Green Bay NEW Lutheran Blazers at Green Bay NEW Lutheran. It was a very close game from the beginning, with the score of 13-12 at the end of the first quarter. With the lead at the end of the first quarter, the team was looking forward for the second quarter to begin. The second quarter was not so close for the Chiefs; the Blazers came out strong and finished the second quarter outscoring the Chiefs 19-8. The Chiefs were only down by 10 with the score of 31-21 coming into the second half. In the third quarter, the Blazers extended their lead by another 11 points. With the score of 52-31 at the end of the third, the Chiefs were pretty down, but that only made us want it more. In the fourth quarter, the Chiefs had their second highest scoring quarter of the game, with 12 points. But this was still not enough to pull out a win for the Chiefs. At the end of the game, with the final score of 70-43, the Chiefs came out of the game with another loss. The boys' record is now 0-21.

By: Zach Snortum

Shiocton will be having its 3<sup>rd</sup> Annual Youth Basketball Tournament this weekend. The tournament will raise money for the Shiocton Hoops Club. There will be 3<sup>rd</sup>, 4<sup>th</sup>, 5<sup>th</sup> and 6<sup>th</sup> graders playing in the tournament. Last year the 4th grade team

won the tournament. The cost for each team to enter was \$145.00. Many of the teams come from bigger schools such as Appleton, Kimberly, Menasha, Seymour, and New London. The tournament will start at 6:30 on Friday night and will continue through Sunday. The admission is \$3 for adults and \$1 for students. If anyone would like to volunteer and help out this weekend, please see Mr. Schmidt.

By Jared Lee Besch

## Kobe Bryant or LeBron James

Have you ever thought about who is the best player in the NBA? When people are talking about the best player in the present day, you will hear the names Kobe Bryant and LeBron James. A lot of people say that Kobe is the better player because we yell KOBE whenever we shoot a three pointer, not LeBron. Also, Kobe has a better jump shot than LeBron; he can shoot it from wherever on the court with a high percentage. Kobe has won four NBA championships compared to LeBron's zero. But in LeBron's defense, Kobe has had a much better surrounding cast, which included a future hall of famer in Shaq. LeBron is a better teammate in my opinion because he doesn't always look to score first, but he looks to make the nice pass to a teammate very often. The Cavaliers have a very strong team this year and could possibly get LeBron his first NBA championship. King James also is better at finishing shots around the basket, with his athletic ability and his size to go along with that. So after watching the two all-stars the past few years, I came up with this conclusion: Kobe is a better player at this time with his championships and prolific scoring. LeBron won't be second for long because he is much younger, and in my opinion after winning a championship or two, he will become a better player than the Kobe.

By Thomas Dahlke

## School Lunch

School's lunch is something everyone is concerned about. I hear 10-15 people a day asking what's for lunch. So I decided to talk to Lacey Paulus about the lunch period. "Chili and Nachos are the best. All the rest of the food doesn't look very appealing," states Lacey. While

Ellie states that her favorite thing on the menu is pizza dippers, and Alex Mohn's favorite is the nachos. Many of you love the school's lunch while some of you would rather leave for lunch or have ala-carte. Ala-cart does have more of a selection, but most of it is just grab and go. The hot lunch

on the other hand is always prepared for a meal. You get vegetables, fruit, and whatever they are serving; most of the time you can't get any veggies or fruit in the ala-carte line. But the good news for those who don't want to be here at lunch, we have open campus. "I usually go to Subway if I decided to leave campus; otherwise I get ala-carte since it has more of a selection," explains Lacey. Elle states that she doesn't eat school's food; she brings her own. Alex, on the other hand, eats at school most of the time while rarely going off campus to eat. Way back in time, I can't quite remember when, we had a salad bar during lunch, and I asked Lacey if she missed it. "No not really because we still have the salads in container," says Lacey, but I beg to differ. The salad bar was amazing because we could pick what we personally wanted in our salad, not something that is pre-made. I can't complain though because they still give us the option of salad. So are you a hot lunch, ala-carte, or open campus type of person? I would advise to try all three and decide which one you like the best.

By: Amber Rietveld

## I Did It, But I Got Away

Did you ever think that if you were famous you could get away with murder, well I didn't. But I guess if your name is O. J., you can. This is a prime example of how famous people can get away with many different things. Steve-o tried to go get in trouble for smoking marijuana. But all he had to do was say that he didn't have it on him, and the cop didn't ask any more questions except, "can I get an autograph?" To me, this seems ridiculous because it's sending the wrong message to kids out there who look up to Steve-o. It makes people believe that if I was famous then smoking weed is Ok and not frowned upon.

So why do you think that some famous people can get off the hook? Well, I asked Tom Dahlke, and he said, "Because they have money and can get the best lawyers, like O.J. and Michael Jackson did in their cases." But I personally believe that it's because they can pay off the prosecutors and/or judges. Or you could be like Brock and think that it is just for the fact that they are famous, and nobody wants to be the one to send them to jail. Would you send a celeb to jail?

By Austin Hooyman

## **A.P. Classes:**

### **Are They Worth It or Not?**

Advanced Placement (A.P.) classes are something that every person going to college should consider. Whether you are going into that field or not makes a difference. Any senior can take these classes, but for the people who take them, it's geared toward something they want to do for a career in life. Megan Dewall, who is in A.P. biology and advanced chemistry, states, "The hardest part about the classes is how in depth they go into a subject. The teachers also want more professional work than in normal classes." For some people, that may seem scary, but in actuality, it really isn't that hard. These classes are geared to help you in college. You can take an A.P. exam and could earn credits for college. But Shiocton High doesn't offer that many A.P. classes, "They should have more A.P. classes because it would give students more of an opportunity to get college credit for other classes besides the ones we have," says Megan. Less and less students are taking the classes; this year in my A.P. biology class there are only 8 students, while my advanced chemistry only has 6 students. Even though the teachers would like to see more students apply themselves to the classes, there is a plus side to having smaller classes, "Working in a smaller class is more fun because you get to know everyone a little better than you already do!" exclaims Megan. So is there really anything bad about the A.P. classes? Not really, all you really have to do is homework, but there is homework in almost every class. If you are thinking about taking one of these classes, I say go for it, and you could end up with a college credit.

By: Amber Rietveld

## **Facebook**

Pretty much every student and teacher has a facebook account. For the record, teachers, such as Mrs. Sixel and Ms. Schneider, will not add or accept friend requests from students. Brock Pahlow sent a friend request to Ms. Tetzlaff too many times, so she marked him as a spam. So my opinion is, do not even try.

Anyway, the main question that is asked is, "Do facebook users really chat with all of his or her friends?" To answer this question, I talked to some students here in Shiocton. Cami Alger, a junior, has a total of 94 friends. Out of the 94 friends, she only chats with half of them. Brianna Ernst, a senior, replied, "I have 200 or so friends on facebook." She also doesn't chat with all of her friends. I asked Leticia Krause how she keeps in touch with her friends, and she responded, "I keep in touch with them by text, IM, or I just call him or her."

I found out that anyone can have 200 or so friends, and he or she will not chat with all of them. Overall, what most think of facebook is that it is ok, and it's a way to meet new friends and a great way to stay in touch with family and friends.

By: Ilene Sanchez

## **Call of Duty**

If you haven't noticed already, it seems that more and more people are getting X-box live to play Call of Duty, or in other terms DUTY. I spoke with a junior from Shiocton named Matt Woods who recently broke the addiction from Call of Duty. "It was hard to quit; I mean it's not like you can go to the doctor and get a prescription drug to help you break the addiction. It's a lot of fun to play I just think that you shouldn't play it to the point where you have no other social life but to sit in front of a T.V. all day playing DUTY." Well I don't know about you, but I've tried it and can see how it would be addicting. It's a lot of fun and seems to be taking over people's lives. So is it just so fun that it's addicting?.....The world will never know.

By: Jared Lee Besch

# TOP X-Box 360 GAMES

By Brock Pahlow

## **BEST Role Playing Game- Fall Out 3**

After being nominated by several magazines and shows as “Game of the Year” in 2008, I decided to purchase this game at a lowered price, and it was worth every penny. This game allows you to play as your own person, who you create and tell how to act. In this game. You escape your underground community and find the planet in ruins after a nuclear holocaust. During the story, you can both follow the rules and help the needy, or you can steal and kill and take whatever you want. It is also a very good strategy and shooter game. Whichever way you choose, this game kicks virtual butt and is a must have!

## **BEST First Person Shooter Game- Bio-Shock**

When I was told about this game, I was optimistic. It did get a “Game of the Year” in 2009, so I decided to give it a shot. Bio-Shock blew my mind. The story starts with you, crash landed in the middle of the ocean. You find a random island with a tower on it. You go inside and take what appears to be an elevator down to the bottom of the ocean to an underwater metropolis called Rapture. This city is filled with monsters and machinery that are trying to get rid of the new guy. You find weaponry along the way and are allowed to upgrade them and use different types of ammunition. This game definitely earned all of its awards and has a great story that is sure to put any gamer over the deep end.

## **BEST Co-Operative Game- Resident Evil 5**

Nothing is more fun than blasting zombies with infinite magnum ammo, unless you get to do it with a buddy. This game is just like the others: fight your way through hoards of zombies and a few super zombies to save the girl. This one, however, takes place in Africa, kind of a change of pace that provides a few enemies that are fairly difficult to beat. This game, I guarantee you, will be playing over and over because once you beat the story; you can buy Unlimited Ammo, which is a blast! Even if you're not playing with a friend, this is still a great game.

## **Best Action/Adventure Game- Assassin's Creed II**

Not only have I declared this as one of the best games ever, but so have thousands of other gamers. To add to the fire, this game for the X-Box 360 was voted way higher than the Play Station 3 version. You start in Italy, where your father and brother are killed for plotting against the corrupt government, and there after you don the attire of the assassin, you start getting back at those who killed you family, one by one. This game has been upgraded since the first installment, making this one even better than the first.

## **Best Multiplayer Game- Call of Duty: Modern Warfare 2**

If you've played this on X-Box Live with high-speed internet, you will never want to play another game in your life. If you believe video games are a waste of time, play this game, and you will be amazed at how great of a game this is. The graphics, weaponry, and game play are what make this game great!

# You Know What Really Grinds My Gears...

By Brock Pahlow

## THAT PEOPLE REFER TO JEN VAN ASTEN AS "THE BEAST."

Kaitlyn Schroth has developed the nickname "The Beast" for Jennifer Van Asten, but this name has been accredited to the infamous Joshua Knorr. Josh "The Beast" Knorr has been known as "The Beast" since he started his career in football, and since then he has never let up the intensity or his ruthlessness. Jen may be a decent basketball player, but Josh got a staggering amount of awards in football that even Brett Favre would be taken back. There is hardly ever a lineman that wins the Defensive Player of the Year, Linemen of the Year, All-Conference, All-District, All-Area, All-Region, and All-State. And as we speak, he is currently wrestling at the state wrestling tournament. HE IS THE BEAST! This man cannot be human; thusly, we call him a beast. His athleticism, strength, and ability to strike fear in anyone that looks at him makes him the true Beast of Shiocton. Sorry Jennifer, but you do not hold the crown of beastliness, end of story.

I shake hands with the mighty Josh Knorr ... little does he know... I AM TERRIFIED!!!
