8462 - CHILD ABUSE AND NEGLECT ~~STUDENT ABUSE AND NEGLECT~~

The Board ~~of Education~~ is concerned with the physical and mental well-being of all children of this District and will cooperate in the identification and reporting of cases of child abuse or neglect in accordance with law. In addition, the Board strictly prohibits any actual or threatened acts of physical, mental, sexual, or other form of abuse directed towards students by any person in any District-owned, operated, or leased facility, or at any school-sponsored activity.

Staff Training Required

The Board shall require every employee to receive training provided by the Department of Public Instruction (DPI) in identifying children who have been abused or neglected and in the laws and procedures ~~detailed herein~~ governing the reporting of suspected or threatened child abuse and neglect. Such training shall be completed within the first six (6) months of employment in the District and thereafter at least once every five (5) years after the initial training. This training may be held in conjunction with staff training for threats of violence as required in Policy 8462.01.

Training conducted in fulfillment of this policy shall include a record of the date, time, duration, and content of the training, as well as a list of all attendees at the training.

Reporting of Suspected Child Abuse or Neglect

Each District employee who has reasonable cause to suspect child abuse or neglect has occurred or is occurring, or has reasonable cause to believe a child has been threatened with abuse or neglect and that abuse or neglect is likely to occur, shall be responsible for reporting immediately every case, whether verified or suspected, the circumstances giving rise to the reasonable cause. ~~ascertained or suspected, of abuse or neglect resulting in physical or mental injury to a child by other than accidental means.~~

Reporting is mandatory even if the staff member has reason to believe that the abuse or neglect occurred, but is no longer occurring (for example, the child is no longer living with the suspected abuser). Staff members should make reports based on reasonable cause to suspect abuse or neglect and are not permitted to first investigate the circumstances in an effort to verify abuse or neglect. This can cause a loss of time and jeopardize law enforcement or social services investigations into child welfare concerns.

Reporting Procedures

The employee shall immediately call the local office of the Child Welfare Department or local law enforcement agency ~~and shall secure prompt medical attention for any such injuries reported.~~

Employees shall also notify building level administrator or the District Administrator. ~~the appropriate administrator according to the District's Reporting Procedure for Student Abuse or Neglect.~~

The identity of the reporting person shall be confidential, subject only to disclosure by consent or court order. A reporting employee shall not be dismissed or otherwise penalized for making a report of child abuse or neglect, unless such report was made knowing it to be false and for the purpose of harming the accused or victim in the report.

Information concerning alleged child abuse is confidential. Any unauthorized disclosure by an official or employee of the District is a violation of the law and may subject the disseminator to civil liability for resulting damages and disciplinary action.

Each principal should be mindful of the possibility of physical or mental abuse being inflicted on a student by an employee. Any such instances, whether real or alleged, should be dealt with in accordance with the administrative guidelines established by the District Administrator. Staff member reporting obligations under this policy and applicable law are the same regardless of whether the suspected abuser is a parent, guardian, or another staff member, and reports should be made accordingly.
