Referendum 2021: Meetings, Website

On February 16, 2021 voters will go to the polls to cast their ballots regarding the School District of Shiocton's referendum, which seeks continued financial support for operational needs over the next three years.

Community members are invited to learn more about the total educational experience offered to our students, which includes offerings to our community members and organizations, at one of the upcoming meetings:

- Tuesday, January 26 @ 6:30PM - Town of Maine Hall
- Tuesday, February 2 @ 6:30PM - Virtual (see registration link in the box ad below)
- Wednesday, February 10 @ 6:30PM - Shiocton School (cafeteria)

Additionally, community members are encouraged to learn more by visiting the referendum website at: <https://edembowski7.wixsite.com/referendum2021/about>.

SSD Piloting 10-day Quarantine

By Mrs. Schweitzer

In December, 2020, the Center for Disease Control (CDC) published two quarantine options designed to get persons back to work earlier. In addition to the gold-standard 14-day quarantine, the CDC approved the use of a 10-day quarantine and a 7-day quarantine with a negative test result. What was not widely publicized was that both of these additional options came with very stringent requirements in the days between return and Day 14.

When the options were released, the District chose to continue with the 14-day

quarantine because we had been successful in keeping the virus out of our school with that duration, as well as the fact that the longer holiday season was quickly approaching, which was a time when families were more likely to gather in large numbers with folks from out of town. At the same time, we acknowledged that we would continue to seek data and research on the two options and give renewed consideration to implementing one as we came into the new semester.

(continued on Page 2)

REFERENDUM VIRTUAL MEETING

A virtual informational referendum meeting will be held via ZOOM on **February 2, 2021** at 6:30PM. Please use the following link to register for the meeting. After registering, you will receive a confirmation email containing the meeting link:

https://shiocton-k12-wi-us.zoom.us/meeting/register/tJMoc-rj8uG9AxFP9qTeB_nZOVoeMGRglb

CHIEF CHATTER

Growing Closer to How it Used to Be

Growing up, phrases such as, "back in the day...", "I remember when...", and "when I was a kid..." were prevalent in my household, especially as it related to help with homework, events at school, and time spent with friends. Since the coronavirus took hold in our nation, a few new phrases have emerged such as, "prior to COVID...", "life before COVID", and "when life is back to normal...". While there have certainly been glimpses of silver linings to the cloud of the virus such as more time spent with family, there certainly remains a desire in most of us to move closer each day to "how it used to be".

It is with that thought in mind that our District continues to look at how we can use what we have learned since the start of the school year to bring the total educational experience for our students, staff, and community closer to how it used to be. Our efforts began this fall when we chose to persevere and play "fall in fall" sports. Then, we added fans to both the outdoor and indoor events, increasing the number of fans as space allows.

We found a way to bring the sounds of the season to our parents and community members while affording our musicians the opportunity to put on a concert much as they would have in years past. Most recently, we welcomed in a few community members as we hosted the 15th Reality Check for seniors - a great learning experience that was as it used to be while giving our students a look at the future and how it might be. We have learned a great deal on how to safely transport students each day to and from school and athletic events such that we have opened the door for curricular field trips to begin where the locations are open and able to observe health and safety protocols similar to what we have in the school.

Gradually, we are opening up the school building to organizations and clubs, supporting the youth of our community and ensuring that the adults of our community have access to staying fit and healthy within our building. Soon, Archery Club and Hunters' Safety will join the ranks of organizations safely using the building and helping us grow closer to how it used to be.

While our spring Parent/Teacher Conferences will be held virtually and our Science and Fine Arts Fair will hold a virtual tour, we are meeting in the next few weeks to discuss growing closer to how it used to be with regard to events like Gr 5 camp, band and choir trips, Prom, and graduation.

Always, we seek to learn from today to make tomorrow better, to help us grow closer to how it used to be in our "life before COVID".

NEWS FROM GRADES PK-6 OFFICE

Greetings from the PK-6 Office!

Just like I thought, December and January have zoomed on by! It is very hard to believe we are in the midst of the third quarter already! Here is some information I'd like to share with you...

Food and Toy Drive: Thanks to your generosity, the high school Student Council was able to serve close to 30 families in our community this year. Thank you so much for your generosity and kindness!

Virtual Music Concerts: I hope you were able to watch the virtual winter music concerts in December. Great job to everyone involved with putting the videos together. Despite the situation this year, our students did an amazing job with their performances. In this unique time, Mrs. Carlson worked so hard to find a way to spotlight all of the incredible work our elementary students have been doing. Awesome job everyone!

Spelling Bee: I would like to congratulate all of the students who participated in this year's Spelling Bee. I am amazed by the confidence, poise, and talents of our third through eighth graders and am so proud of every single student who participated this year! Con-

gratulations to Lana Arneson, Spelling Bee Champion, and Morgan Oskey, Runner Up. We wish you both all the best as you move on to the next level of competition!

Mid-Year Testing: As I write this, we are right in the middle of assessing our students in PK-6 to determine how they are progressing in reading and math. The mid-year data will help our teachers find specific skills and/or areas to target during the upcoming months.

Parent-Teacher Conferences: Our next round of conferences will be held on March 3 from 4:30-7:30PM. Just like in the fall, the conferences will be held virtually or by phone. The one difference is that we have 1 night for conferences instead of 2, therefore, teachers will not be able to meet with everyone this time around. Watch for more information to come from your child's teacher(s).

Science/Health/Fine Arts Fair: This event was scheduled to be held on March 3. As of right now, the art portion of the fair is being planned as a virtual event. Watch for more details to come.

Enjoy these next few winter months (I'm hoping for a few more snowflakes!). Stay healthy and happy everyone!
 ~Mrs. Kim Griesbach, PK-6 Principal :)

SSD Piloting 10-day Quarantine (continued from Page 1)

Over the past several weeks, Mrs. Austin and I have reviewed much research and data points from the federal and state levels, as well as those from local districts who have implemented a reduced quarantine time. Specific time and attention has been devoted to reading through the expectations and responsibilities associated with a shortened quarantine time:

- Person reports for monitoring and recording of symptoms twice daily through Day 14
- Person strictly adheres to 6' social distancing in all settings through Day 14
- Person refrains from participation in groups, avoids groups and crowds through Day 14
- Person refrains from participating in any activities such as classroom instruction, athletics, bus-ing, before/after school programs, other co-curricular activities where 6' social distancing is not able to be maintained through Day 14

The challenge we have with a shorter quarantine, then, is that the responsibility to ensure that all of these additional expectations and actions are met and carried

through will fall on the shoulders of school staff. Therefore, the District will remain with a 14-day quarantine period for all students and staff with the exception of junior and senior students.

Pilot Group: Juniors, Seniors

As noted in the Chief Chatter, we strive daily to use the information and experiences through today to improve our actions of tomorrow. As a result, we will be piloting the 10-day quarantine period with our juniors and seniors beginning February 8, 2021. A great many details still need to be worked out, as well as communication with students and parents, before the pilot can begin. Parents of junior and senior students should watch for more information at the end of January into the first week of February. It should be noted that the pilot is a voluntary offering such that parents and students can still select the 14-day quarantine, which is the gold standard per CDC and other health care providers.

Mrs. Austin and I will analyze the data collected from February 8 through March 12, which will be used when determining the next course of action regarding quarantine time.

O'Brien , VerVoort Recognized by Board of Education

At the January 18 Board of Education meeting, two long standing employees were honored for their most recent achievements.

IT Director, Sadie O'Brien, was recognized for earning her Certification in the Genetec programs for both door and camera security. "As she has done in the past, Ms. O'Brien saw a need and found a way to fill it for our District. The training affords her technical knowledge of our security systems related to the door and camera software. With the certification, Ms. O'Brien is able to more effectively troubleshoot and work directly with Genetec technicians to resolve issues. These are great benefits to our District and we are appreciative that Sadie would seek out this training in light of the significant increase in responsibilities and demands placed upon her and the IT department right now," commented Mrs. Schweitzer, District Administrator.

That same night, Gr 5 teacher and Shiocton Fitness Center Director, Sarah VerVoort was recognized for completing her coursework and earning her NASM Certified Personal Trainer certificate. Also rising to meet a need in the community, Mrs. VerVoort sought out the certification so that she could better advise students and adults as they utilize the SFC and work towards life-long fitness. "You know that you know but that's based on what you have experienced, what worked for you, which doesn't always work for everyone," Mrs. VerVoort mentioned as one of the reasons why she sought the additional training. "We are very pleased that Mrs. VerVoort would take on the additional challenge of becoming a personal trainer.

Her new skills and knowledge sets will be of great benefit to the many adults and students that use the fitness center, but also to our staff, many of

whom already seek out suggestions and advice from Sarah. I know Sarah will feel much more confident in helping those in the fitness center achieve their goals and become healthier with this new learning behind her," stated Mrs. Schweitzer. Mrs. VerVoort is continuing her education in this area, seeking the next level of certification that would afford her the ability to offer group instruction.

On behalf of the Board, Mr. Brad Ritchie, President, expressed his appreciation to both Ms. O'Brien and Mrs. VerVoort for their continued dedication to their profession and to the district.

SCCC NEWS

Learning at all ages is never more important as it is today. As I have observed in the classroom, children from as young as age six-weeks are already learning and developing every day. At the Shiocton Child Care Center, teachers enhance their lesson plans with the Wisconsin Model Early Learning Standards (WMELS). The standards are written based on research conducted in all aspects of children's early learning and development. They address approaches to learning, health and physical development, social and emotional development, language development and communication (including early literacy), cognition development (including mathematical and scientific thinking), and general knowledge development. The standards are to help prepare children for success in school, beginning at an early age.

Our teachers align each activity in their lessons to a specific WMELS to help students

develop and reach their goals. At SCCC, we take pride in knowing that we are part of a child's educational journey six-weeks through Age 8. Young children should have a foundation to learn, and at SCCC, we can provide a structured program in which a child can grow and develop.

As the director of the SCCC, I am excited to be part of a program that focuses on the whole child. I love watching the teachers in the classrooms, teaching and leading the children with passion. Children love to be engaged, and at SCCC, the teachers make sure they are thorough with their planning. I look forward to seeing what the rest of this year will bring for SCCC. I believe that together we can do great things for the children of Shiocton!

~Shellie Kosmerchok

S.P.I.C.E. NEEDS YOU!

S.P.I.C.E. is looking for Executive Board members, Committee Chair Members, and volunteers...could this be a good fit for you?

S.P.I.C.E. Boar Elections and Open Positions (Voluntary):

- ◆ **Secretary Position**—We have an immediate opening for our voluntary Secretary Position, as well as this position being up for vote with a new two year term beginning in June 2021.
- ◆ **Vice Chairperson Position**—This is a two year term beginning in June 2021.

If you are interested in any of the elected positions on our Executive Board, please notify us by April 30, 2021. After that time, please contact us for more information due to the vote for these positions taking place during our May 5 meeting at 6:00PM via Zoom.

Available Committee Positions:

We also have committee chair positions available for Book Fair, Cookies with Santa, Movie Nights, and Funset Boulevard Family Night.

Other Volunteer Positions:

As always, we cannot make our events work without our many parent/family volunteers. We are so thankful for our continuing volunteers and are always welcome to have new faces join us as well.

Remember, the opportunities that we provide to the school community and your children can only happen with your continued support!

Please join us for our next meeting on Wednesday, February 3, 2021 at 6:00pm via Zoom.

SENIORS ARE SUCCESSFUL IN REALITY CHECK

For the fifteenth year, Shiocton seniors were faced with the challenges of *Reality Check*, a financial literacy simulation designed to allow students to explore the realities of personal finances in the real world.

More than 20 volunteers from Shiocton and the surrounding area shared their expertise to make the event happen. In November, the seniors participated in mock interviews with professionals in their chosen career field. Students created application materials and honed their interviewing skills prior to this event, applied those skills masterfully, and some students even walked away with job offers.

On Friday, January 8, *Reality Check* was held. Seniors received the monthly income for their career choice and a life status that included marital status, family status, and even pets. At stations manned by community volunteers, the seniors discovered how far their monthly paycheck would go. They purchased health insurance, vehicles, mortgages, food, day-care, personal items, and supplies for pets. Most were shocked at the price of daycare and health insurance. Some students were frustrated when unforeseen expenses happened—just like in real life. Several had to make difficult financial decisions and sometimes had

to seek part-time employment. They definitely received a dose of reality.

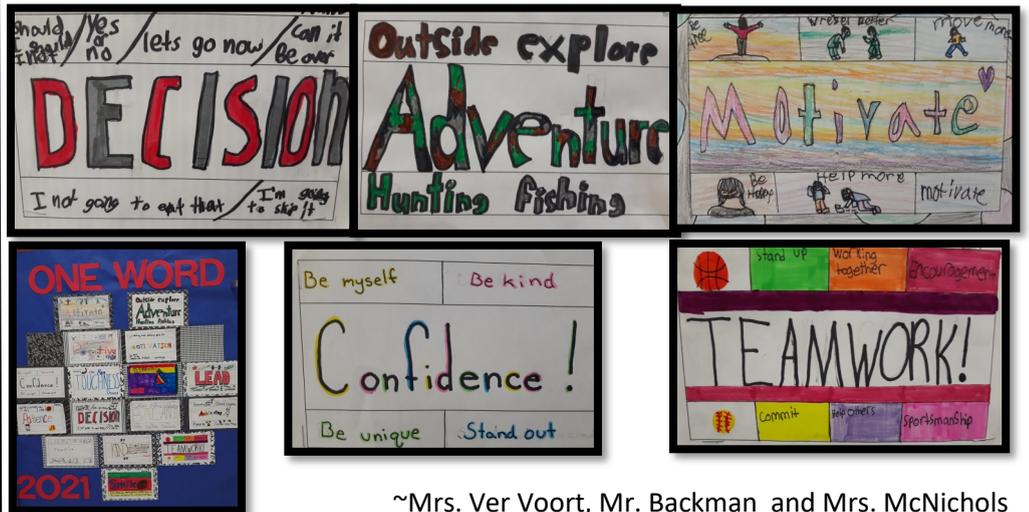

The Shiocton seniors and their teacher, Elizabeth Schneider, would like to thank all of the volunteers for donating their time and talents. Congratulations to the seniors on successfully completing their interviews and this simulation.

FIFTH GRADE "ONE WORD" for 2021

The fifth grade students set their sights on a positive 2021. They were given the task to choose 'One Word' to help guide them as they make decisions, set goals, and continue being their best self during the new year. Some of the chosen words include: Motivate, Include, Adventure, Confidence, Toughness, Decision, Patience, Positive, Respect, Balance, Achieve, Teamwork, Practice, Smile, and Kind.

If you were to choose a guiding word for 2021, what would you choose?

~Mrs. Ver Voort, Mr. Backman and Mrs. McNichols

EARLY CHILDHOOD SCREENING INFORMATION

By age 3, most children:

- * are understood by family 75% of the time
- * speak in short sentences
- * answer simple questions
- * understand most things said to him/her
- * enjoy listening to storybooks
- * begin to play with other children
- * enjoy helping adults
- * match primary colors
- * dress self with help
- * walk up and down stairs; one foot per step
- * pedal a tricycle
- * snip with a small scissors
- * draw lines with a crayon

By age 4, most children:

- * speak clearly; are understood most of the time
- * use language to express emotion
- * frequently ask questions and demand a response
- * participate in rhyming games
- * talk about pictures in a book
- * enjoy pretend play with children
- * can point to at least four colors
- * catch a large ball tossed to them
- * know full name, age and gender
- * cut paper with a scissors
- * jump forward or over an object
- * draw a circle
- * rote count to 10 and count 1,2, or 3 objects

GIFTED AND TALENTED

Spelling Bee Congratulations:

Imagine having to spell words like 'tangents', 'indecipherable', 'runes', or 'convulsive'! These and other challenging words had to be spelled by 36 of Shiocton's students (Grades 3-8) who participated in the Scripps National Spelling Bee competition at the local level on Tuesday, January 12.

Our two winners are Lana Arneson (Grade 6), left, who took first place championship, and Morgan Oskey (Grade 8), right, runner-up. Congratulations. We are so proud of you and wish you the best as you continue in the regional competition via Lawrence University in Appleton on Thursday, February 11.

I would also like to congratulate the highest round winner at each grade level:

- Grade 3: Benjamin Jorgensen
- Grade 4: Bailey Riehl
- Grade 5: Addy Zschaechner
- Grade 6: Lana Arneson
- Grade 7: Sam Hahnke
- Grade 8: Morgan Oskey

All the students who participated deserve praise for their individual accomplishments, hard work, and being grade level winners this year.

Battle of the Books:

Our 2021 BOB team this year includes Lola Nelson, Charlotte Leeman, Mariah Dawes and Brynn Johnson. Lincoln Volkman will serve as the alternate. Congratulations! We will battle numerous other elementary schools in Wisconsin on a chosen date during the last full week of February. Until then, we will be practicing as well as delving deeply into the books we've read.

FYI: STEAM Registration for 7th and 8th Graders is now open. This is an optional opportunity for your child if interested. There is a small fee to attend.

STEAM Point Days for Girls: February 12, 2021

STEAM Point Days for Boys: February 19, 2021

(Registration Deadline for Boys STEAM is February 5, 2021)

UPDATE FROM 4K

The 4K students have been busy learning about snow and winter weather. Two stories that we covered were *The Snowy Day* by Ezra Jack Keats and *Snowballs* by Lois Ehlert. The children then created an art project that coincided with the story. They had a great time recalling the story and then creating their project!

We are also covering geometric shapes in our math units. We have discussed and learned the properties of a rectangle, square and right triangles. We just discovered that when you put two right triangles together with the square corners opposite of each other, you can create a rectangle or a square! How fun!!!

~Mrs. Romenesko and Miss Nushart

FREE LUNCH CONTINUES: Account Refunds Available

As mentioned in previous parent letters, the Free School Lunch program has been extended through the end of the current school year. Many families have a positive balance on their lunch account. This money will stay on your account and be available for use in the 2021-2022 school year.

However, if you would like a refund of these monies, the District will issue reimbursements at the end of each month, through the end of the school year. We require a balance of \$15 per child be left in your account to cover milk and A la Carte expenses.

In order to request a refund, please email Mrs. Danke at ddanke@shiocton.k12.wi.us with your family name, and the students on the account. Requests submitted by the 20th of the month will be reimbursed at the end of that month. Any questions please contact Mrs. Danke at the email address above.

FIRST GRADE

First grade has had a great start to 2021! I hope you enjoyed seeing all the snowy things that drifted into your homes throughout the month of January. February will be just as eventful! Watch for a fun family Valentine's project coming home toward the beginning of the month. We will be asking you to help your student create a special Valentine's Day mailbox. Be as creative as you wish. Some ideas might be to make the mailbox out of a shoebox, milk jug, cereal box, or any other container that you have that would be great for holding all the fun Valentine's they will be getting from their friends.

Non-fiction writing is a new style of writing that we have begun studying in first grade. The students are off to a great start telling about what their big idea is and giving information to support those ideas. It's been fun to see just how far they have grown as writers since the beginning of the year.

The students are continuing to do a great job with wearing their masks and having an extra one packed just in case they need it throughout the day. We'd like to thank you for all your at-home support with this. One final reminder for February is to always check your student's folder that is coming home each night for important information. This month always seems to go fast. Keep up the good work at home. Together, we make a great team!

~Mrs. Streblov, Mrs. Bellin and Mrs. Behnke

Counselor's Corner

Sandee Cornell
scornell@shiocton.k12.wi.us

Dannielle Kern
dkern@shiocton.k12.wi.us

K-6 Students

For Grades K-5, we are entering Unit 2 of our Second Step program, "Emotion Management". During our classroom lessons, we will be discussing how emotions affect our bodies, ways to calm down, and how to manage our emotions.

Grade 6 has also started learning more about emotions, how our brain and emotions work, and how to manage emotions.

7-12 Students

Grade 12 Students: Local scholarships are open for application on the Shiocton School District website. Please view each scholarship for specific details on application criteria, instructions, and deadlines.

Grade 11 Students: The state required ACT test will take place on March 9. Watch for more information.

Many colleges changed their requirements for standardized testing admission criteria. Please view the college website or contact your college for specific information on the ACT requirement.

Grade 10 and 11 Students: Please see Mrs. Cornell for more information on Youth Apprenticeship applications for the 2021-2022 school year.

Current Grade 10 and 11 students can apply for Start College Now courses for Semester 1 of the 2021-2022 school year. Applications are due by March 1. More information as well as the application can be found on the Shiocton School District's website or by contacting Mrs. Cornell.

Grade 7 and 8 students discussed mental health and decorated a star that showed their "Source of Strength".

UPCOMING DATES TO REMEMBER

February 15	NO SCHOOL (Professional Development)
March 1	Start College Now deadline
March 1	Youth Apprenticeship Application Due
March 9	ACT Testing for Juniors
March 26	12:10PM Early Release—End of Quarter 3
March 29—April 2	Spring Break
April 5	School Resumes

January's Character Trait

OPTIMISM

Every month the counseling department will provide a positive trait to help students develop and foster positive character traits. We will list ideas for families to try at home and support what students learn in school.

TIPS:

- Acknowledge your child's feelings, and respond with empathy, but help them see potential successful outcomes
- Take a break if you notice your child is stuck in a negative thinking pattern
- Positive mindset. Help your child remember a time when things "went right"
- MODEL. Be a model and show an optimistic attitude, even when things aren't going your way.

Title I Corner

Mrs. Jorgensen

Finding and Sharing Great Kids' Books

Favorite stories get shared many times over. Here's some advice about how to find a good children's book and what to do once you're reading together with your child.

What to look for:

- Look for award-winning books. Each year the American Library Association selects children's books for the Caldecott Medal for illustrations and the Newbery Medal for writing.
- Check the book review section of newspapers and magazines for recommended new children's books.
- Check the Books and Authors section of www.ReadingRockets.org for recommendations and reviews.

Remember: Borrowing books from your local public library and swapping favorites with neighbors are two good ways to learn about new books.

What to do:

- Listen carefully as your child reads.
- Take turns. Read a paragraph (or page) and have your child read the next one.
- If your child has trouble reading a word, you can help in several ways:
 - Guide your child to use what he or she knows about letters and sounds to sound out the word.
 - Ask your child to skip over the word, read the rest of the sentence, and then say a word that would make sense in the story.
 - Supply the correct word.
- Tell your child how proud you are of his or her efforts and skills.

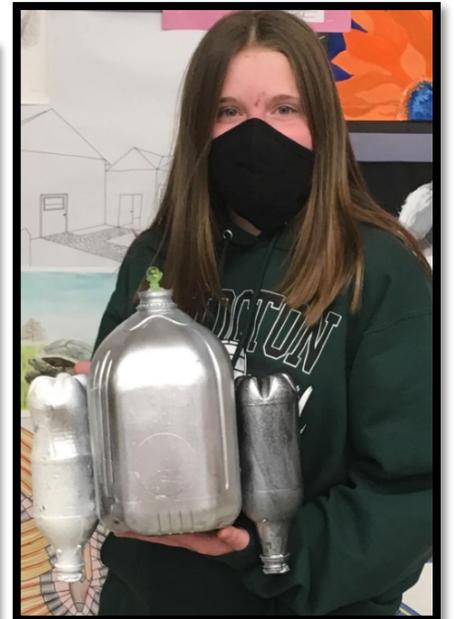

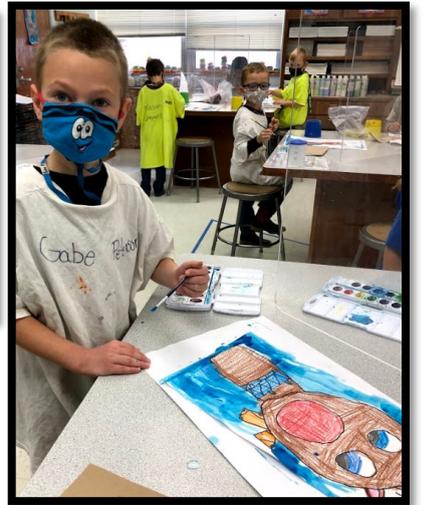

Remember: Your child may be focusing more on how to read each word than on what the story means, so your reading helps to keep the story alive.

Notes from the Nurse

DENTAL CLINIC

On Tuesday, February 9, the Tri-County Dental Clinic will come to Shiocton Elementary school to offer a free dental screening and fluoride varnish to qualifying students. The qualification for participation in this program is that the student receives free or reduced cost hot lunch, and does NOT have private dental insurance. It is available for all students in grades PK-6th. This largely volunteer-driven, nonprofit clinic focuses on prevention and early intervention with youngsters who have limited access or whose families cannot afford dental care. The first phase of this program takes place at school with subsequent treatment either at school or at Tri-County Community Dental Clinic. All services are offered free of charge including dental cleaning and any restorative treatment a child may require. If you wish to have your child participate, and they meet the qualifications, please complete the forms your child brought home and return to school. If you have any questions, you can contact the school nurse, Amy Austin, at (920) 986-3351 ext 714.

~Mrs. Austin, RN
