"Where Excellence Is Expected"

GAGA BALL PIT: **Collaboration for Fun**

What began as a fourth grade student's idea recently became our school's reality with the construction of a gaga ball pit on the school playground. The construction of the outdoor game was completed by students enrolled in Mr. Griesbach's Technology Education courses. SPICE, Shiocton Partners in Childrens Education, support the project because it offered the Tech Ed students a project-based learning opportunity while providing students with a much-desired game to be played at recess. "Gaga ball brings students of all ages and abilities together," commented SPICE President, Melissa Dawes.

Mr. Griesbach assigned his teacher's assistant, Chase Van Camp, and Independent Study student, Denver Larson, to work collaboratively on the project. Both were tasked with researching the game, drafting a final design, and presenting a cost proposal for the necessary construction materials. When the final approval was received in mid-October, the two students set about constructing the multi-sided game pit. The first three weeks were spent crafting the functional parts followed by an additional three weeks of on-site construction. The final project was unveiled for use in mid-November.

"The entire project is a perfect example of how the application of the design and build process occurs every day for many construction and manufacturing fields. As such, the project was a terrific problem-based and real-life learning activity for the

students," commented Mr. Harley Griesbach, Technology Education teacher. "Denver and Chase had to overcome issues such as weather, attendance, and scheduling conflicts in addition to solving the individual construction problems just as these factors would occur in real life." Constructing the project within the confines of a school day presented challenges more unique to school-based learning. "Repeatedly, the students would state how they should have gotten more done but time limitations continuously hindered progress," noted Mr. Griesbach.

The project was an educational experience that required a great deal of planning, effort, and real-time thinking, as well as collaboration and a shared vision. SPICE would like to thank Denver and Chase for their hard work and craftsmanship. The gaga ball pit is a project that will be enjoyed by many over the years to come.

Pictured above from left-to-right: Mr. Griesbach, Chase V.C., and Denver L.

CHIEF CHATTER:

Donations: A Welcome Gift

Over the years, assorted clubs, community members, and area businesses have been very generous to the students in the School District of Shiocton. While we rely on a number of fundraisers throughout each school year to provide the extra funds needed for additional supplies and larger purchases, donations are also a significant source of additional funding. As we round out the 2018 calendar year, we want to send a special thanks to the following:

Hoops Club: donated \$11,500 (mostly raised from the tournaments they host) to support the purchase of the new scoreboard that displays individual player information such as fouls and points scored.

Sportsmans Club: donated nearly \$6,000 to support various purchases requested by teachers, advisors, and coaches.

M/M Vorland: gifted the District with \$150,000 earmarked for various purchases and projects related to the new multi-purpose facility.

No donation is too small to make a difference, and it doesn't need to be monetary in nature. Some of the best gifts we give each other come from ourselves such as our time, our talents, and even as simple as a smile. Time spent reading a book with a child or lending extra eyes and hands during a classroom activity are very much appreciated, as are your efforts to chaperone field trips and craft baskets for various raffles. Every donation of time, talent, or dollars generates a ripple effect that benefits so many in our district.

The School District of Shiocton would like to acknowledge the many donations and contributors of this past year with a hearty "THANK YOU!"

~Mrs. Schweitzer

Titletown Talk Series:

Introduction to Youth Strength & Conditioning

Monday, January 21 * 7—8 PM

Belin Health Titletown will be presenting on Youth Strength and Conditioning. If you have athletes in elementary or middle school, this would be a great time to get your questions answered and see what our Certified Strength & Conditioning Coaches suggest for your young athlete. We will be going through topics such as benefits of starting athletes young, myths about youth resistance training, weight room safety, recommendations and guidelines to safe training, programming and an exercise demonstration and correction on the turf area.

NEWS FROM GRADES 7-12 OFFICE

Dear Valued Members of our Shiocton Community,

I am thrilled to bring you more news about the middle and high school here in Shiocton. I have very much enjoyed the first half of this year and having the opportunity to work with top notch students and educators. Without exaggeration, I can say that I can come to school each day with a smile on my face and look forward to continuing my services to the district and the community.

There are two things that I would like to inform parents about that are coming up: First, we have begun the scheduling process for next year's classes. Members of our ACP (Career Pathways) committee have had the chance to meet with students in Grades 8-11 for discussions about what the students' interests are and what classes they should take to help meet their post-secondary goals. We will be finalizing course choices during our exam days on January 16 and 17. Feel free to have conversations with your children about their future and what classes they can be taking. Second, the first semester exam dates are coming up. January 16 will be a full day for both high school and middle school students. **January 17 will be a half-day for the high school and a full day for the middle school**, which may contradict the given schedule slightly. Please make sure that your high school students have transportation on January 17 for an early release at 12:10PM.

In addition to these important events, we have some other important dates to note:

- Classes will resume on January 2.
- Seniors will take part in Reality Check interviews on January 9 and the Reality Check simulation on January 11.
- The last day of the first semester is January 17. Make sure that your students have all of their work handed in.
- There will be no school on January 18 (although it is a potential make-up day if we have snow days prior).
- Winter sports pictures are taking place on January 23.
- Eighth grade students will be taking a trip to explore FVTC on January 30.
- Middle School Solo and Ensemble takes place on February 4.
- The ACT Test will take place on February 20, while the ACT WorkKeys will take place on February 21.

If you have any questions or comments about the great things going on here in Shiocton, do not be afraid to ask.

Nick Ortlieb
Grades 7-12 Principal
School District of Shiocton

Library News

By Mrs. Woodward

Books, books, and more books!

The library has received hundreds of new books since the beginning of the school year. To encourage students to check out books and read, Mrs. Woodward has done some book talks and book tasting activities with Grades 7 & 8, book clubs with Grades 4 & 5, and given many book recommendations to high school students. If your child is stumped about what to read next, tell them to stop in the LMC where Mrs. Ritchie or Mrs. Woodward can help them find their next good read.

Destiny

This summer, our library catalog was converted to Follett's Destiny Library Manager and is available online. Students in Grades 3 and up can log into Destiny with Google to view their library account, put books on hold, add books to their "Favorites" list, and read eBooks. Students in Grades 4, 5, and 6 received instruction on how to perform all of these tasks and more. If you want to view our library collection, you can access it by going to Destinydiscover.com and searching for Shiocton LMC, Shiocton, WI, or via the

district website under the "Students" tab.

Digital Citizenship

Mrs. Woodward has been busy visiting classrooms to teach students about Digital Citizenship. Digital Citizenship encompasses all the things we want students to DO when they are online. The goal is to empower students to think critically and act responsibly when they are online. So far, all of the fifth grade students and half of the 8th Grade students have been introduced to Digital Citizenship. In December, a professional development session was also offered for staff to learn more about Digital Citizenship and how they can incorporate it into their own curriculum. Mrs. Woodward will be expanding the Digital Citizenship curriculum to additional grade levels in 2019.

Makerspace

I am excited to announce that the library now has a Makerspace. "What is a Makerspace?" you ask? A Makerspace is a place for students to create and explore as they try a new activity, use critical thinking skills, and problem solve. In the month of December, students were able to visit the Makerspace to create a holiday card, build a puzzle, create LEGO creations, and do some coding on Code.org. Activities will change on occasion as the Makerspace evolves and changes. Ask your children if they have visited the Makerspace yet.

Snow Much Fun in Grade One!

Wow! It's hard to believe, but December is almost over! The first graders had a lot of fun reading *The Gingerbread Man*, baking cookies, and creating art work to go along with this unit. Thank you to all who sent ingredients and who volunteered to help make cookies! We couldn't do it without you!

Speaking of fun, we can't wait to have "snow much fun" in January. The first graders will be reading and listening to many snow stories. Along with other snow-themed projects, students will be making great big snowmen to decorate the halls with, and then they will drift into your home to add some wintry cheer.

In math, we have been working on place value concepts involving teen numbers and double digit numbers up to 100. The students have really worked hard to understand these difficult concepts and will be putting that knowledge to further use in January when we work with story situations. Solving various addition and subtraction story problems using double digit numbers up to 100 will be a challenge, but we are up for it! We have first-grade power!

As we near the end of the second quarter, think back to the first few days of school and consider just how far your child has come. These first graders have made some significant gains, and you have been a big part of that learning. Please continue to encourage your student to set positive goals and help them reach their full potentials by being involved in their studies, helping with homework, and talking about what is happening at school. Together, we make a great team!

News in Fourth Grade

Another school year is halfway complete, and fourth grade has been keeping busy! Second quarter report cards will be received soon. Students have written persuasive essays and short stories, multiplied and divided many numbers, and are now embarking on our second semester.

In science, fourth graders are learning all about energy and have been doing experiments with circuits, batteries, light bulbs, motors, wires, and switches. Fourth graders have also learned about the environment and even adopted "pet" mealworms to study. The students are also learning how to develop an argument that explains their scientific understanding and proves their point.

In social studies, we will soon start learning about Wisconsin's rich logging history. Did you know that Wisconsin was once nearly covered with forest? Being that the Wolf River was used to transport logs to sawmills, Shiocton played a role in Wisconsin's logging history.

Fourth grade students have the opportunity to compete in the school spelling and geography bees. Congratulations to the fourth grade participants in this year's spelling bee: Hunter A., Katelyn F., Nathan G., Ella G., Wyatt H., Ashlee N., Willow P., Kennedy S., and James W.

Fourth grade is the first year that students can participate in the school-wide Geography Bee. The qualifying participants this year are Ashton B., Shawn B., Kalista E., Katelyn F., Wyatt H., Kenadie L., Cordelia M., Kennedy S., and James W.. We are sure they will all represent the fourth grade very well this year.

THANK YOU

Elizabeth Schneider and the Student Council were busy collecting items with the help of the community for the annual Food and Toy Drive at school for families in need. Thank you to all who donated to this cause.

OM-Goodness, THANK YOU THRIVENT!

Staff members also helped in making the holidays a little brighter through the support of THRIVENT. Action Team Grants were applied for and received. Please see pictures below.

Pictured below is the fourth grade Christmas Project of making blankets for PAWS using Thrivent Funds. Picture of food, clothing, pajamas, warm winter clothes, and socks for those in need also using Thrivent Funds.

THRIVENT has truly blessed us with their SUPPORT in many ways! If you have a Thrivent Account and would be interested in working with the staff to help our school in 2019, we have teachers interested in being on your THRIVENT ACTION TEAM. Please contact Kim Griesbach or SPICE for ways you can provide additional support.

Busy Workers in Grade 5

Fifth grade has been busy working on reading, writing, math, science, keyboarding, and coding. These engineers have recently been studying mixtures and solutions. Students are also developing models of black boxes and drought stoppers.

Along with all of their science learning, students are also working on multiplication of whole numbers, fractions, and decimals. Class collaboration and group work are very important parts of our learning.

Counselor's Corner

K-6 School Counselor—ext. 762

K-6 Students

BE ASSERTIVE!

That has been a very important topic being discussed during our classroom lessons. Being assertive is a very important tool that can help aid children not only in school, but in their personal/social lives as well!

Please help model assertiveness at home, and encourage them to be assertive when they want or need something. Our focus is stating what is needed by facing the necessary person and asking in a calm, firm voice, using respectful words.

7-12 Students

Attention Seniors: Please see Mrs. Cornell for any assistance with post-secondary planning (applications, financial aid, etc.). The federal financial aid application opened online to families on October 1.

Apply now! If you haven't completed your college application, do so now.

Once you have received your acceptance letter, stop in Guidance for a picture for the senior wall.

Attention Juniors: The ASVAB military test

will be administered on school campus during the morning of January 11. Sign up in the Guidance Office.

Attention Grades 8-11: Course registration for the 2019-2020 school year will take place in January. Take the time to review and discuss your course selections. Contact Mrs. Cornell with any questions.

On January 30, eighth grade students will tour programs of study at Fox Valley Technical College.

UPCOMING EVENTS

January 3 & 4:

ACCESS Testing

January 9:

Senior Mock Interviews

January 11:

Senior Reality Check,
Junior ASVAB Test

January 16:

Final Exams - Course Registration
for Grades 9, 10, and 11

January 17:

End of Q2
Western Day (Grades K-8)

January 30:

Grade 8 FVTC Campus Visit

January 31:

\$1.00 Gum Day (Grades K-5)

January Character Trait

SELF-CONTROL

Every month the counseling department will provide a positive trait to help students develop and foster positive character traits. We will list ideas for families to try at home and support what students learn in school.

TIPS:

- Foster good habits (brushing teeth, completing homework, bed time, etc.)
- Encourage responsibility
- Enforce limits (losing privileges)
- Encourage them to stop and think before acting
- Acknowledge positive effort

YOUTH APPRENTICESHIP PROGRAM

Featured student - Paige Scott

Paige Scott is a Shiocton senior who is in her second year of the Wolf River School-to-Work Youth Apprenticeship Program as a CNA student.

"I am currently working at Good Shepherd Services in Seymour. So far, I have loved working in the healthcare field and helping people. I can't wait to see what the future holds!" said Paige.

All Good Things Must Come to an End

Due to many factors, Sonoco Mills has decided to end the Paper Drive fundraiser as we know it.

What this means in the short term:

With the start of 2019, they will only honor quarterly paper drives. As a result, we will only have two more for the remainder of this school year:

March 18-22
June 3-7

What this means in the long term:

This spring, Sonoco Mills plans to reassess the program with a decision being made at the corporate level by May. If the Paper Drive program continues to be offered by Sonoco Mills, Shiocton Schools will be involved for the 2019-2020 school year. If the Paper Drive program is not continued, the March and June Paper Drives will be the final two.

What can you do:

Please help me spread the word that the January, February, and April Paper Drives are cancelled this Spring. Only the March and June Drives will be offered.

I would like to personally thank the school and community for the tremendous level of support. Since starting the program, we have collected 317 tons of recyclables generating over \$41,000.

These funds have been used to fully outfit the middle school with interactive whiteboards, purchase and install a printer, two water bottle filling stations, replace supplemental text resources, and pay for numerous field trips.

Sincerely,
Tim Huebner

EMPLOYMENT OPPORTUNITIES

The School District of Shiocton is seeking qualified candidates for the following positions:

Food Service Staff (part-time)

Child Care Teacher's Assistant (part-time)

Persons interested in applying should send cover letter and resume to: Shiocton School District, PO Box 68
Shiocton, WI 54170

New Guidelines for Physical Activity

The U.S. Department of Health and Human Services released updated guidelines for physical activity. They recommend how much physical activity we need to be healthy. The guidelines are based on current scientific evidence supporting the connections between physical activity, overall health and well-being, disease prevention, and quality of life.

How much physical activity do you need?

Here are the recommendations for adults:

Fit in 150+

Get at least 150 minutes per week of moderate-intensity aerobic activity or 75 minutes per week of vigorous aerobic activity (or a combination of both), preferably spread throughout the week.

Move More, Sit Less

Get up and move throughout the day. Any activity

is better than none. Even light-intensity activity can offset the serious health risks of being sedentary.

Add Intensity

Moderate to vigorous aerobic exercise is best. Your heart will beat faster, and you will breathe harder than normal. As you get used to being more active, increase your time and/or intensity to get more benefits.

Add Muscle

Include moderate- to high-intensity muscle-strengthening activity (like resistance or weight training) at least twice a week.

Feel Better

Physical activity is linked with better sleep, memory, balance, and cognitive ability. In addition, you will have less risk of weight gain, chronic disease, dementia, and depression. It's one of the most important things you can do for your health and well-being.

Move more, with more intensity, and sit less.

Recommendations for Kids

- Children 3-5-years-old should be physically active and have plenty of opportunities to move throughout the day.
- Kids 6-17-years-old should get at least 60 minutes per day of moderate- to vigorous-intensity physical activity, mostly aerobic.
- Include vigorous-intensity activity on at least 3-days per week.
- Include muscle- and bone-strengthening (weight-bearing) activities on at least 3-days per week.

Increase amount and intensity gradually over time.

Source: American Heart Association
2018

Gifted and Talented News

Noetic Math Contest

On November 8, we had 68 students in Grades 3-6 participate in the Noetic Learning Math Contest, a national elementary math problem-solving contest held twice a year.

There were 24,312 young mathletes representing 561 schools across 44 states in our country that participated in this year's fall contest. **And the winners are.....**

Grade Level Winners.....

Grade 3: Emily B. and Grace M.
(tied score at 70%)

Grade 4: Shawn B. (50%)

Grade 5: Eli J. (55%)

Grade 6: Logan V.C. (75%)

Back row left-to-right: Shawn B., Eli J., and Logan V.C.
Front row left-to-right: Grace M. and Emily B.

Honorable Mentions.....

Grade 3: Abby Y., Holly H., Emily B., and Grace M.

Grade 4: Brett S. and Shawn B.

Grade 5: Eli J.

Grade 6: Lydia H., Reghan C., Tyler P., and Logan V.C.

Back row left-to-right: Eli J., Reghan C., Lydia H., Logan V.C., and Tyler P.
Front row left-to-right: Shawn B., Brett S., Holly H., Abby Y., Grace M., and Emily B.

Grade Level Team Score Winner for the team with the most points (370) was **Grade 3!!**

Congratulations to all our winners and participating mathletes! The contest results demonstrate our students' great problem solving skills and math talents. Also, a big thank you goes out to our dedicated staff and parents for encouraging these students to try this challenge. We look forward to a rematch in April 2019.

Scripps Spelling Bee

All students in Grades 3-8 participated in the Scripps Spelling Bee at the classroom level. I am proud to announce these school-wide winners:

Grade 3: Emily B./Emma P.
(alternate: Baylee B.)-Hegner's
Gracelyn M./Caylin P.

(alternate: Eden M.)-Backman's
Aurora J./Addy Z.

(alternate: Maylea K.)-Kirschman's

Grade 4: Ashley N./Kennedy S.

(alternate: James W.)-Beer's

Katelyn F./Ella G.

(alternate: Wyatt H.)-Krohlow's

Willow P./Nathan G.

(alternate: Hunter A.)-Schreiter's

Grade 5: Bryn K./Brooke B.

(alternate: Adam Z.) McNichols'

Kailee Surprise/Hannah Widmann

(alternate: Scott D.)-Singler's

Eli J./Lucy F.

(alternate: Maggie H.)-VerVoort's

Grade 6: Destiny M./Billie Jean P.

(alternate: Abby P.)-Hauser's

Carly L./Morgan O.

(alternate: Logan V.C.)

-Hendrickson's

Reghan C./Megan W.

(alternate: Sawyer Y.)-Danner's

Grade 7: Shelby E./Ava L./James M./

Kayleigh P./Laney W./Alexis W.

(alternates: Brooklyn R./Lexis R./

Brett S.)-Funk's

Grade 8: Abbie F./Jordyn H./Hailie M./

Aleah Z. -Funk's

We cheer these students on as they prepare for competition at the district level. Our School-wide Scripps Spelling Bee will be held in the cafeteria on Tuesday, January 8, from 1:00-3:00PM. We welcome parents and relatives to this event if you are able to come. (In case of a snow day on January 8, the bee will be the next day, Wednesday, January 9, same time and place.)

THE UPBEAT!

THE OFFICIAL NEWSLETTER FOR SHIOCTON MUSIC

CONGRATS HONORS CHORAL STUDENTS

Congratulations to **Lakelyn B., Drew H., Lydia H., Jaciana K., Destiny M., Kayleigh P., Kira S., and Megan W.** for representing Shiocton at the Wisconsin Choral Directors Association (WCDA) Honors Choir on **January 11-12**. They will join some of the strongest vocalists from throughout the state to perform a concert in Appleton.

CONGRATS ALL-STAR HONORS BAND/CHOIR STUDENTS

Congratulations to **Brehanna C., Matthew D., Mikayla H., Melanie H., Carter M., Megan P., Emma S., Payton S., Dylan V.C., and Jadyn W.** for representing Shiocton at the Conference All-Star Honors Band/Choir on **Saturday, January 26**. They will join some of the top musicians from the Central Wisconsin Conference to perform an afternoon concert at Rosholt High School.

HOME STRETCH TO MIDDLE SCHOOL SOLO/ENSEMBLE

As we come out of winter break, we hit our solo/ensemble season. Students perform a solo or ensemble for a judge on **Monday, February 4** from **3:30-6:30PM** right here in the middle school. This event is our best opportunity to see kids grow musically, so please encourage your child to make the most of it and practice. We are in need of six-to-seven parent volunteers to be room monitors for the festival. If you're available and interested, please contact Mrs. Anderson or Mr. Yenor.

DID YOU KNOW...

We have tons of support for our music program in Shiocton. But just in case you wonder how music helps kids do better in school, here are 5 reasons:

1. Music education builds stronger brains.
2. Music education teaches social skills, collaboration, and team work.
3. Music education enhances emotional development.
4. Music education enhances discipline through dedication and practice.
5. Music education nurtures creativity.

CHRISTMAS PARTY

DONORS, WORKERS, ETC

for your generosity and time in making the chili dinner and bucket raffle happen—your support of music in our school is so appreciated.

SCHOOL FACULTY & STAFF

for your *overwhelming* flexibility & support with the kids as we rehearsed for our holiday performances.

EVERYONE

for your support of music in our children's education. We look forward to partnering with you in 2019 to continue making this happen!

National Honor Society Eligibility

I wanted to take a moment to make parents and students aware of the eligibility requirements for National Honor Society. In order to be eligible, a student must have a **cumulative GPA of 3.5 or higher for at least three consecutive semesters**. However, a strong GPA is not the only factor in determining membership. **While scholarship is important, inductees will also be judged on service to community, leadership, and character.**

Students who qualify will receive a letter after the start of second semester explaining the application process. The materials requested to apply for NHS will aid in the decision of the Faculty Council, a group of five high school teachers who know the student body well, and vote on membership issues. New members will be inducted to NHS if they receive a majority vote from the Faculty Council.

Induction to NHS is a privilege and an honor, not a right. Even though students might meet the GPA requirement, they may not be selected. However, if they are still in school next year and maintain the high standard of learning, they can be eligible again.

I encourage all students interested in being inducted to NHS to maintain high academic achievement and strive toward the NHS pillars of scholarship, service, leadership, and character.

If you have any questions, please feel free to contact me anytime.

Sincerely,
Wendy Pfundtner
Shiocton High School NHS Advisor

Email: wpfundtner@shiocton.k12.wi.us

Trip to Guatemala

The high school Spanish department is excited to offer students an opportunity to travel to the Spanish-speaking country of Guatemala in the Summer of 2020. Students and parents should have received information about the trip and enrollment. Thank you to all who attended the informational meeting! The trip is a fabulous opportunity for students to practice the language firsthand and experience the culture and landscape of another area of the world.

Students will need to turn in the enrollment form and deposit to Mrs. Peterson no later than February 5, 2019. If you have any questions or your child did not pick-up the information, please contact Amanda Peterson at either apeterson@shiocton.k12.wi.us or (920) 986-3351 ext. 765. This is a once-in-a-lifetime opportunity students will treasure!

Food and Toy Drive Success

The Shiocton High School Student Council would like to say **THANK YOU** to all who donated to the Food and Toy Drive! This year, your generosity has helped us provide a wonderful holiday season for 36 families in our community!

Happy New Year from S.P.I.C.E.

There are many exciting events coming up in the near future:

- Quilt and Basket Raffle tickets are on sale beginning January 2.
- Join us to watch *Incredibles 2* on January 25 for Free Movie Night. (Warning: Contains a sequence of flashing lights which may affect those who are susceptible to photosensitive epilepsy or other photo sensitivities.)
- February 4 kicks off our next Box Tops Challenge.
- The dinosaur themed Spring Book Fair will be here before you know it!

Please join us in kicking off the New Year! The January S.P.I.C.E. Meeting will be held on **January 2** at 6:00PM in the LMC. We can't wait to see you there!

SPICE Family Movie Night

SPICE will be hosting a Family Movie Night. Here is the information:

Movie: *Incredibles 2*

When: Friday, January 25

Time: 7:00PM

Where: Shiocton Schools Cafeteria

****Note:** *Incredibles 2* contains a sequence of flashing lights, which may affect customers who are susceptible to photosensitive epilepsy or other photo-sensitivities.**
