4K Program: Survey Results, Next Steps

By Mrs. Schweitzer

In early April, a survey was shared with parents of past, present, and future 4K students seeking information regarding the format of the 4K program. Currently, our 4K program offers part-time instruction two (2) full days each week: M/W or T/Th. Over the past few years, however, a few concerns have arisen regarding this format, including the significant time span between dates of attendance when absences and planned days off interrupt students' regular attendance. In keeping, the survey gathered parents' thoughts on attending four half-days, Mon - Thurs AMs or PMs; parents shared their thoughts on the benefits and challenges of such a program format. Of the 33 persons responding, 18 of them will have children attending 4K next year. Of these 18 respondents, nine (9) indicated that they would prefer the four half-days options and an equal number indicated that they would prefer the format to remain as two full-days per week. Overwhelmingly, respondents indicated that child care opposite of their child's time in the 4K classroom was a significant need and challenge for their family.

Next Steps

Given the feedback from parents, we will continue to research options both for instruction, as well as for child care. With so

many respondents indicating that they would likely need to enroll their child in Shiocton Child Care Center, we need to explore the capacity of SCCC to provide space and staffing for what could amount to an additional 30 children each day. Too, we need to examine additional formats utilized by other school districts, which include full-day 4K for four or five days each week.

A more definitive plan will be drafted by the time 4K and 5K Parent Orientation takes place in late May. Thank you again to all who provided this valuable feedback.

COFFEE WITH COMMUNITY

Members of the school and Shiocton communities are invited to join Mrs. Schweitzer for coffee, conversation, and collaboration. Learn more about happenings and events taking place, as well as share ideas and thoughts about how we can grow our district and our community.

CHIEF CHATTER

APPRECIATION: For All, All of the Time

This year, we will take time during the week of May 2 to recognize and celebrate the many staff members that contribute to a high quality education for the youth of our community.

Teachers and paraprofessionals create cohesive teams integral to the daily education of our students. Content and academic knowledge may be the focus of the instruction but are not the whole of the lesson. Instead, the full lesson includes teaching children how to effectively collaborate and communicate with one another. Challenging scenarios and hands-on activities grow critical thinking and problem solving skills, producing blooms of perseverance and grit. Innovation, creativity, and autonomy with responsibility also flourish in the garden of teaching and learning.

Custodians provide us with learning environments that are clean, sanitary, and very well-maintained. **Food service** staff provide the nutrition that fuels our learner's brains and enables them to concentrate on all that is being taught rather than a grumbling stomach. **School counselors** provide guidance and support student growth in social and emotional areas, while assisting learners of ages in their navigation of life - at school, at home, and as they look to their postsecondary future. **Support staff** from every office and department, **Coaches and advisors** from every club and team all join together to support one another, which in turn supports our learners. **Volunteers** tend to the small but critical aspects of student learning be it as a reading buddy, homework helper, or member of SPICE. **Parents and community members** provide a well-rounded network of support and assistance to all of us in the district seeking to provide the highest of quality, the greatest of opportunity, the most excellence of education possible to the learners of our community.

While we take the week of May 2 to formally recognize and celebrate all Shiocton School staff members, our appreciation for all members of our school family extends the year through. ~ Mrs. Schweitzer

NEWS FROM GRADES 7-12 OFFICE

To the Shiocton School Community,

I would like to start off by thanking all our parents/guardians, teachers, and community members for the great things that they have done throughout this year to create a great school experience for our students. We were fortunate that we could begin returning to many of our pre-COVID activities as the year went on. There was a great deal of hard work put in by both staff and parents to keep our students on track and working through the 2021-2022 school year. We truly could not have gotten to where we are without everyone's support. I look forward to ending the school year on a positive note, and continuing this momentum into the 2022-2023 school year.

As always, the 7th-12th grade office has been busy as we prepare for the end of the school year. During the months of May and June, we have award ceremonies, celebrations, and graduation to look forward to. Here are some important dates to remember as we forge into May. The Senior Awards Banquet will be held on May 18th. Parents of our 12th grade students should look for more information closer to that date. The Senior Supper will take place on June 1st at the River Rail. Graduation practice for Seniors is scheduled for June 3rd in the High School Gym, starting right away at 8:00 AM. The Graduation ceremony itself is in the High School Gym on June 5th at 1:00 PM. We will also be having our 8th grade celebration on June 3rd in the High School Gym. A letter will be sent out to 8th grade parents with more details. We hope to have a strong end to the year, and we look forward to being able to continue to work alongside our phenomenal school community.

Nick Ortlieb
 7th - 12th Grade Principal
 School District of Shiocton

FBLA STATE LEADERSHIP CONFERENCE

Several members of the Shiocton Future Business Leaders of America (FBLA) club hit the road at the end of March, traveling to the Alliant Energy Center in Madison for the 2022 State Leadership Conference.

Once in Madison, students were able to experience a variety of exciting workshops from professional speakers, take tours of the business schools of UW-Madison & Madison College, and network with student leaders from other schools across the state. Additionally, four Shiocton FBLA members were able to compete in their competition area while at State, bringing home a multitude of awards:

- Colton Westby—6th place in Human Resource Management
- Tyler Pamperin—8th place in Introduction to Business Communication
- Ashlyn Van Camp & Colton Westby—Who's Who in FBLA
 - The Who's Who in FBLA distinction is a high honor bestowed upon a local chapter member for outstanding contributions to their local or state FBLA chapter.
- Shiocton Chapter—Champion Chapter Recognition
 - Champion Chapter is a series of membership engagement-focused challenges that chapters may complete for national recognition. By completing activities, chapters accrue points and receive Champion Chapter recognition.

With thousands of students in attendance, the conference was a huge success and a great leadership opportunity for all!

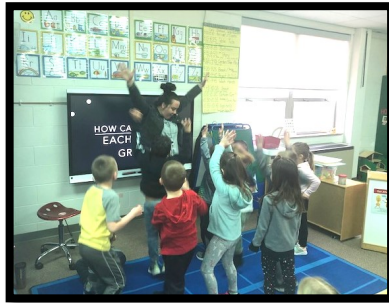

Back Row (left to right): Kevin Reyes, Ron Diemel, Colton Westby, and Tyler Pamperin. Front Row (left to right): Jordyn Houterman, Brooke Richardson, Abigail Fischer, Makenna Scott, and Ashlyn Van Camp

FUN IN 4K

Young learners in Ms. Nushart's 4K classroom begin each day with a song from our Conscious Discipline program. "Wish You Well" is a favorite of theirs!

This song teaches them MANY things:

- Empathy
- Encourages them to have care and compassion for their classmates
- Incorporates kinesthetics and gross motor movement
- Encourages them to honor their classmates who are absent
- Allows them the ability to connect with those who are in their classroom

"We do that song or another one from the CD every morning to start our day with our friends. It helps strengthen our classroom community and they love doing it!" - Ms. Nushart

FOURTH GRADE

Fourth graders spent Quarter 3 working hard! In math, students converted measurements in both customary and metric units. Students also added, subtracted, and multiplied both fractions and mixed numbers. In writing and reading, 4th graders became researchers and informational writers. They studied subtopics of the American Revolution and became experts on events and people such as the Boston Tea Party, the Declaration of Independence, and Abigail Adams.

Next, they switched gears to learn about figurative language, comparing elements of poetry, drama, and prose. In environmental studies, students conducted experiments to discover ideal growing conditions for different crops. In energy studies, students explored potential and kinetic energy to learn how things move. In social studies, students learned about Wisconsin's role in the Civil War and in the Industrial Revolution. In May, students are looking forward to taking our annual field trip to the State Capitol where they will tour the building and learn about state government.

Students did their best on the Wisconsin Forward Exam this quarter while also enjoying some fun during Global School Day of Play, World Read Aloud Day, and the many spirit dress up days. We are excited about a strong finish to the year!

RUN CLUB IS BACK!

The Elementary Run Club is officially back! After taking a few years break due to COVID, we are back in full force with 70 students participating. Practices will be on Mondays and Thursdays from 3:15-4:00PM (4:15PM in May). We stay on school grounds for all practices, and will be working up our distance each week eventually to a 5K (3.1 miles).

On Friday, May 20th (note date change), we will be hosting a Fun Run at Shiocton Lake Park beginning at 5:30PM. More information will be coming home with your children. Any and all adults who are interested in "moving" with us (running is NOT required) are welcome to join. Please contact Robin Schmidt at rschmidt@shiocton.k12.wi.us to volunteer.

S.P.I.C.E. MOVIE NIGHT: ENCANTO

Come and join us for a fantastic night of fun and treats with your family and friends on May 20, 2022 at 7:00PM. Feel free to come at 6:30PM to see short trailers to kick off the movie.

We will be showing the movie "Encanto". This movie features a Columbian girl may be the last hope for her family when she discovers that the magic surrounding Encanto—an enchanted place that blesses children with unique gifts—is now in danger.

Admission is FREE! Snacks and drinks will be available for purchase. Make yourself at home, bring along anything you would like to snuggle with to watch the movie.

FIFTH GRADE

What do 5th graders have a lot of? Opinions! Students are finishing up their research-based Argument and Opinion writing unit. They have authored written opinions using information gained through various means of research. A popular one again this year was whether chocolate milk should continue to be served. The answer: overwhelmingly "yes". Students also participated in in-class debates and wrote free-choice opinion essay. We will finish the year with a study of poetry before writing our end-of-year memoir. The writing instruction dovetails with that in reading, as our 5th graders have learned about historical fiction, poetry, and social issue realistic fiction. Between reading and writing, we have had great discussions in class and during our book clubs.

Math instruction is progressing from our study of fractions to that of the ever-important units of measurement and geometry. Students are enjoying learning how to accurately measure the world around them. They are also learning how to take math and apply it to real world situations using geometry.

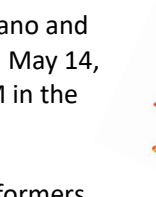

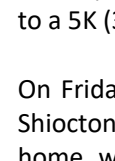

Science students are learning about the meaning of the phrase "the solution to a problem is often dilution". Mixtures, solutions, solubility and saturation are all topics of discussion for our 5th grade scientists. The skills of observation and note taking are big parts of this end of the year unit.

Together, we are finishing strong in 5th grade!

SPRING PIANO AND GUITAR RECITAL

The Spring Recitals for Mrs. Ritchie's piano and guitar students will be held on Saturday, May 14, 2022 at 10:30AM, 1:00PM and 3:30PM in the school cafeteria.

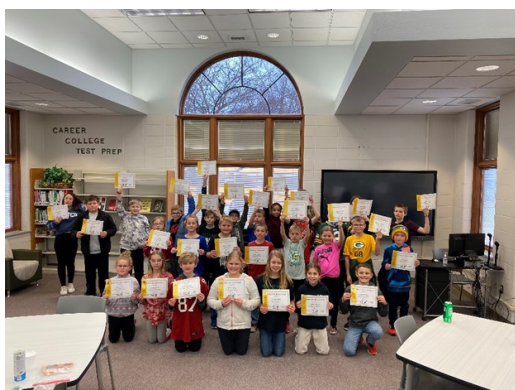

Each recital will showcase different performers. The public is welcome to attend.

GIFTED AND TALENTED

Battle of the Books

Our BOB team's final battle score was 240 with 12 out of 15 tie breaker points. This year's team was included in the 200 Club. Two of our alternates, Austin Widmann and Brooklyn Smith, stepped in for team members Brynn Johnson (absent on the battle day) and Charlotte Leeman (left early for Madison). I am proud of all the students who participated this year! I believe the contest is important, but the most important part of BOB is that students are introduced to quality literature, read a variety of genres, enjoy the books they've read, have opportunities to broaden their vocabulary, and discuss each of the book's plots, characters and themes. The students grow in their knowledge by asking higher level questions, making connections and working together as a team. As with all books, some resonate with the reader more than others. All Battle of the Book participants celebrated their dedication to reading with a pizza party on Thursday, March 24th.

Left to Right / Back Row: Bailey Riehl, Ellis Surprise, Vincent Higgins, Lincoln Griesbach, Devin Biese, Masyn Volkman, Miles Oleson, Emily Garza, Benjamin Jorgensen, Carter Daniels, Mariah Dawes, Jaydon Reese
Left to Right / Middle Row: Ivy Hughes, Etta Mineau, Malcolm Leeman, Bert Lauer, Devin Drath, Maleah Durham, Maverick Griesbach, Easton Knorr
Left to Right / Front Row: BOB TEAM: Evelyn Heuer, Brooklyn Smith, Austin Widmann, Mary Presteen, Charlotte Leeman, Brynn Johnson and Lincoln Volkman.

The BOB Pizza Party, enjoying delicious food and watching the movie from one of the books we read: *Llama Destroys the World*

College Day for Kids—UW Stevens Point

Hooray, we are attending in person this year! The following 6th grade academic GT students will be participating in the UWSP College Day for Kids on Friday, May 6: Emily Becher, Alana Dawes, Bentley Enders, Tucker Keberlein, Ryan Meek, Eden Marcks, Gracelyn Mueller, Lola Nelson, Antonio Rangel and Addy Zschaechner.

Spring Noetic Learning Math Contest—Grades 3-6

On Thursday, April 7, a total of 105 students in grades 3 through 6 participated in the Spring Noetic Contest. They needed to solve twenty problems in 45 minutes using their math strategies and problem solving abilities. We will share these exciting results in our next [Link](#) article.

CogAT (Cognitive Abilities Test) Screening

Mrs. Otto's, Miss Schmidt's and Mrs. Sippel's second grade classes participated in the CogAT Screening. This screener is used by the Gifted and Talented program to guide selection for the Gifted and Talented Academic Program. Approximately 10 percent of the screened students go on for further CogAT testing. Their scores are factored into the selection process with many other considerations and data including parental advocacy and nominations from parents and teachers.

Shiocton's Lana Arneson Earns Berth at State Spelling Bee

The Badger State Spelling Bee began in 1949. The champion advances to the Scripps National Spelling Bee in Washington, D.C., expenses paid by the Wisconsin State Journal. All 55 contestants received a statewide t-shirt and two copies of the March 24th edition of the Wisconsin State Journal with a full page featuring the Badger State Spelling Bee participants. The top three spellers earn \$200, \$300 and the winner \$500, plus the top two received beautiful trophies. Their pronouncer was Barry William, LaCrosse-area radio journalist who once sat in this bee himself as a student.

Lana Arneson represented the Shiocton Middle School. The word '**parenthetic**' in round two gave her a bit of a challenge when she added an additional 'r', but resilient Lana was a show stopper when, as we were leaving at the end of the bee, she spelled the word '**supercalifragilisticexpialidocious**', a word with 14 syllables, 16 vowels and 18 consonants, a total of 34 letters! With spelling skills like this, watch out Badger State! Lana may well be among the competitors again next year with more confidence and expertise!

On a side note, Mrs. Funk said the last time a Shiocton student attended the Badger State Spelling Bee was before she started teaching in Shiocton.

HAVE YOU SEEN THIS SWEET DOG?

One of our Shiocton families has lost their tan, Australian Shepherd named Stella on March 5, 2022 in the area of Thompson Road in Shiocton. Please call (715) 460-1333 or contact baumcara@yahoo.com if you have seen her or know where she is. Several of our students would love to have her back home safe!

DIVERSITY AND INCLUSION TEAM HOSTS STAFF MOVIE VIEWING

This past month, the Diversity and Inclusion Committee was proud to host a staff viewing of *This is Home: A Refugee's Story*. Staff were able to participate in the viewing and discussion of this film to bring awareness to the many refugees in our country and the obstacles they face.

Robin Schmidt has this to say about the film viewing: "*This is Home: A Refugee's Story* was very eye-opening for all who viewed it with me. We had engaging conversation before and after each time we met. The support of the government for the limited time of eight months was alarming. We saw how many challenges arise as well, real-life challenges we hadn't really thought about. For example, some challenges were types of foods preferred, frustrations with abiding by the government expectations, and all without knowing any of the language. Cultural challenges are great as well. Our group wished we knew how things turned out for these families. We were invested in learning more after seeing and discussing the documentary."

The committee definitely recommends this film to any who are interested in learning more about the refugee process and what exactly refugees go through. We felt this documentary was very informative and eye-opening as there are many refugees with here in our state of Wisconsin!

Vaccination reminder for families of 5th graders:

All students are required to receive a Tdap vaccination upon entrance into 6th grade. Please make arrangements for your child to receive this vaccination prior to the start of next school year. Community healthcare providers are typically very busy in the weeks leading to the start of fall classes, so you are encouraged to have your child immunized well in advance of school beginning. If your child has already received the Tdap, please provide a copy of the updated shot record to the school office or call Nurse Amy to update your records.

If you do not wish to have your child immunized, you are required to sign a waiver. The waiver option is located on the bottom half of the immunization form. These forms are available from the District website. If you already completed a waiver for your child in Kindergarten, you will need to complete a new waiver as this immunization is a new requirement. Please contact the school nurse at (920) 986-3351 ext 714 if you have any questions.

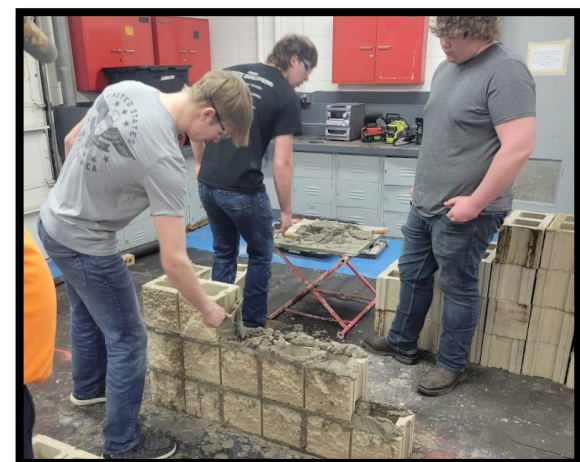

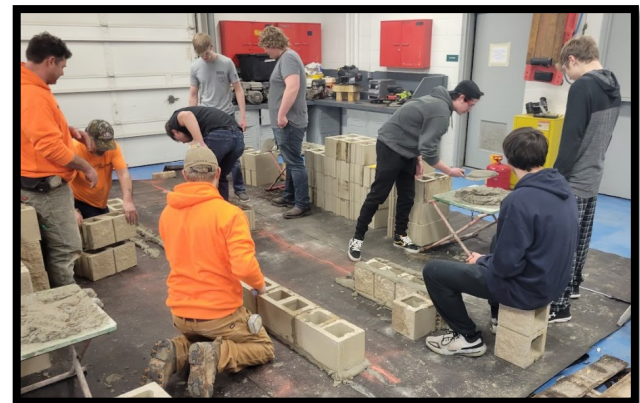

~Amy Austin, RN BSN

PAHLOW MASONRY BRINGS HANDS-ON BACK TO SHIOCTON

In March, Pahlow Masonry made a return to the tech ed classroom to work side-by-side the students for a hands-on learning experience. For a full week, Pahlow Masonry provided multiple crew members who shared information about their craft - preparing, demonstrating, guiding, mentoring, and supporting the students in the Building Trades classes in project-based learning experiences. Over the period of five days, the students were able to learn about becoming a mason and the skills needed to be successful in the trade. Working shoulder-to-shoulder with the crew from Pahlow, students were able to understand mixing mortar, tending masons, and laying cement block and brick, as well as the technical and communication skills needed to be successful in the building trades.

In addition to the hands-on experiences, Doug and Brock Pahlow spent a day walking students through the estimating and bidding process, giving them a glimpse into the financial and logistical aspects of a project, as well as the relationship that happens before the jobsite starts. Through this process, students became aware of the necessary reading, writing, and math skills needed to advance in the construction careers and into leadership roles. This was a unique side of business management that many students have never experienced before. Project management and planning is a key component that was rolled out to the students in a way that helps them to understand what it takes to move into leadership roles.

Learning about the critical thinking, planning, and practical skills necessary was an experience that cannot be authentically created in a classroom setting without the direct support of businesses like Pahlow. This year materials have been expensive and finding new ways to bring businesses back into the classroom has been long awaited by students. Taking a look at the greater Shiocton area, there are a large number of families that are thriving thanks to careers in the construction industry and throughout the skilled trades workforce. We would like to give a **big thank you to Doug and everyone at Pahlow Masonry** who went above and beyond to work with the students in Shiocton for this experience. This was one example of a great opportunity that would not have happened without the generous support of our community businesses.

Counselor's Corner

Sandee Cornell
scornell@shiocton.k12.wi.us

Dannielle Kern
dkern@shiocton.k12.wi.us

KG-6 Students:

We are wrapping up this school year by continuing to focus on calming down strategies. These are tools the children can utilize when they are having a strong feeling (anxious, mad, worried, scared, frustrated, etc). We will then end with a review of all skills/tools we have been practicing throughout the school year.

Students in Grades 5 and 6 will continue to work on and discuss future plans. Grade 5 will be heading to Grade 6 on May 20th (tentatively) to get a glimpse of what they can look forward to next school year, while Grade 6 students are continuing to work in the Academic Career Plan in Xello.

7-12 Students:

Seniors: Plan to attend the Senior Awards Night on Wednesday, May 18 at 6:30PM. Please notify Mrs. Howard if you have a non-local scholarship that you would like announced that evening.

Please request your final transcript through Parchment in June to go to your college. This can be done from the Shiocton School District webpage.

Grade 8 students: Eighth grade Chief Chats are being scheduled now. Contact Mrs. Cornell, school counselor, at 986-3351 ext 711 or scornell@shiocton.k12.wi.us to schedule your conference time for May or June.

Pictured are the 2022 Badger State Boy/Girl representatives. Junior students Devin Piechocki, Abigail Daniels, and Ashlyn Van Camp will represent Shiocton High School this summer at the Badger State Conference on government, citizenship, and leadership.

May's Character Trait

Preserve/Effort

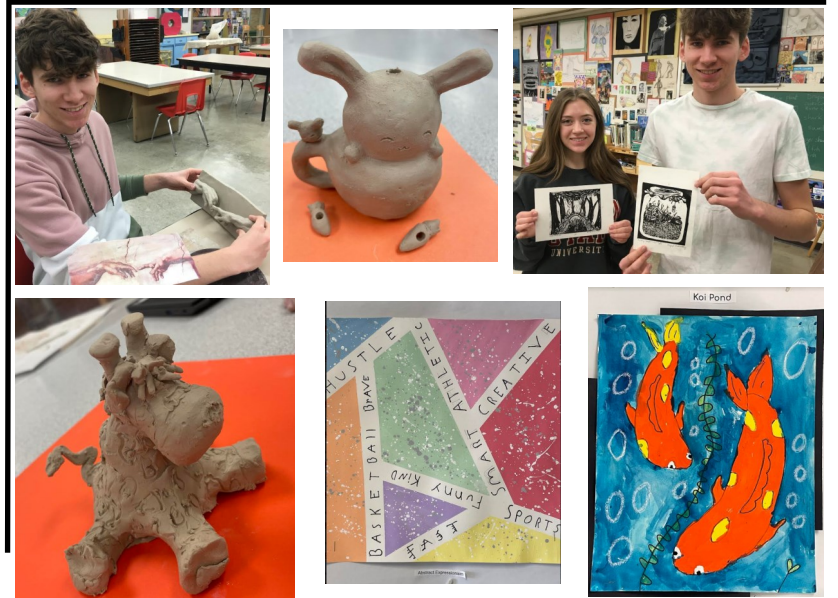

Every month the counseling department will provide a positive trait to help students develop and foster positive character traits. We will list ideas for families to try at home and support what students learn in school.

TIPS:

- Choose reasonable expectations
- Show them growth
- Focus on their strengths
- Start small
- Praise effort over being "smart"

Title I Corner

Michelle Jorgensen and Ashley Derks

MAY CALENDAR OF EVENTS

- May 5 Souvenir T-Shirt Day (grades K-8)
- May 6 NO SCHOOL; Professional Development
- May 18 Senior Awards Night Ceremony; 6:30PM Cafeteria
- May 19 Spring for Shiocton Wellness Walk K-12
- May 30 NO SCHOOL; Memorial Day

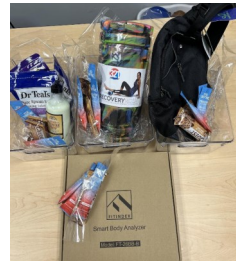

STRENGTH AND CONDITIONING FITNESS CLASSES

Community members and staff have been working hard during Strength and Conditioning classes with Sarah Ver Voort. Classes are circuit-style, with exercises chosen to help increase functional strength. People are encouraged to join at anytime. For more information contact Sarah at svcorewellness@gmail.com.

FITNESS CENTER PRIZE DRAWINGS

During the month of April, adults could put their name into a drawing upon completion of a work out in the Fitness Center. Prizes were given out each Friday, including: A Smart Scale, Foam Roller, Hiking Backpack, and a Muscle Relaxation set. Thank you to all who participated!

Strength Training Classes with Sarah

Whether you are beginning your fitness journey, or have experience, these classes are modified to fit your needs.

Mon. and Wed. at 6:00pm
Sat. at 8:00am

\$10 for M,W class
\$5 for Sat.

BREAKFAST HEROES

The School District of Shiocton celebrated National School Breakfast Week from March 7 - 11. This was a great time to recognize our Breakfast Heroes and celebrate our incredible food service staff who work diligently to ensure our students are provided with great nutrition to fuel their learning. Their warm smiles and happy personalities, coupled with great food, make school breakfast a wonderful way to start the day.

Thank you, Food Service staff members!

S.P.I.C.E.

As we near the end of our school year, we look forward to all of the activities that spring and summer bring to us. Thanks to our Shiocton School family, we are proud to have been able to support our teachers and students again this year.

"We can change the world. It is in your hands to make a difference." ~Nelson Mandela

S.P.I.C.E. Board Elections to be held at our May Meeting: We have 3 S.P.I.C.E. Board positions up for election at our May 4th meeting.
Chairperson - This is a 2 year term beginning June 2022 to May 2024
Treasurer - This is a 2 year term beginning June 2022 to May 2024
Vice Chairperson - This is typically a 2 year term not coming due for its normal re-election until the end of the 2022-2023 school year. However, our current Vice Chairperson will be leaving this position at the end of this school year. Election for this position will be a 1 year term to cover the 2022-2023 school year, and will then return back to its usual 2 year term for 2023-2025 school years.

Available Committee Positions: There are also multiple committee chair positions available. These chair positions are not limited to 1 person and can have 1 or more co-chair positions, so feel free to team up with each other.

◇ Book Fair ◇ Cookies with Santa ◇ Movie Nights ◇ Funset Boulevard Family Night
◇ Teacher Appreciation ◇ 4K/5K Orientation ◇ Open House ◇ School Supply Kits

Other Volunteer Positions: As always, we cannot make our events work without our many parent/family volunteers. We are so thankful for our continuing volunteers and always welcome new faces to join us as well. If you are 18 years of age or older, please consider helping your child, sibling, niece/nephew or grandchild by volunteering at one of our S.P.I.C.E. sponsored events or on our board.

*** Remember, the opportunities that we provide to the school community and your children can only happen with your continued support! That we were unable to hold our Spring Book Fair this year, gave us an eye opening experience of just one of the many things that our students, staff, and family will miss out on without your help.*

Please join us for our next meeting at River Rail (ONLY CASH ACCEPTED) on
Wednesday, May 4, 2022 at 6:00pm.
