October 2017

"Where Excellence Is Expected"

Annual Meeting Held; Budget Passed

The School District of Shiocton held its Annual Meeting on Monday, September 18, 2017 following its regular board meeting.

At the Annual Meeting, the Treasurer's Report for the 2016 - 2017 School Year was reviewed. The District ended the school year with a positive balance of \$171,144. This is in large part due to additional revenues received that were unanticipated and an underspending of the budgeted expenses. Attendees also heard highlights from last year's efforts to educate students from Mrs. Griesbach and Mrs. Zeinert. Highlights of the athletic achievements of individuals and teams were also noted.

The preliminary budget for the 2017 - 2018 school year was also reviewed and passed on a unanimous vote. Mrs. Schweitzer hit on the highlights of the budget, including a 1.55% decrease in the proposed property tax levy. Mrs. Schweitzer reminded the community and Board of Ed members that this is a preliminary budget based on the factors that are known now. "There are many moving pieces yet that will affect the final budget." These moving pieces include student enrollment, final values for the property valuation, and final notification of state aid to be received. Mrs. Schweitzer also noted that additional per pupil funds, sparsity aid, and other dollars that could be received are yet undetermined as the State has yet to pass its budget. A final operating budget for the school year is due by November 1 per State Statute.

Action was also taken on several resolutions as per state regulations. The next Annual Meeting was set for September 17, 2018 at 6:30PM.

CHIEF CHATTER

The school year is off to busy and mirthful start. Students and teachers are back in the swing of things, as the saying goes. Here are a few bits of chatter from the first few weeks of school:

Who spruced up our playground? A big thank you to Mrs. Kern for her leadership in providing some new options to students while at recess. From the obstacle course to the 4-square lines, students now have increased opportunities for cooperation, inaction with peers, and good plain fun!

What do you mean we can't wear hats in school? Yes, we have renewed our efforts to implement expectations our young adults can look forward to in the work world. So, "hats off" to a new school year, figuratively and literally.

When can I use my cell phone? During passing periods, lunch, and at the end of the day. When can you not use your phone? During class. Too many apps, bells, whistles, and snaps make for a very distracted student - our cell phones are silenced when our brains are most active.

Where do we go to participate in Math Morning? Join us in the LMC on Oct 6 at 8AM for a tutorial before heading to classrooms. This is a great opportunity to explore the math curriculum, as well as to sit and learn along side of your child.

Why are there letters missing from the front of the building? Unfortunately, the letters were removed without permission earlier this month. We are working to restore the proud message: School District of Shiocton.

How did our students perform on the ACT, AP Bio, and AP Calc tests? Our students did very well! Solid growth was made on the ACT, an achievement that was celebrated on the first day of school. Of the six students that took the AP Bio exam, four scored a 3 or better (one scored a perfect 5) while two of our students scored a 4 or better on the AP Calc.

There is much to look forward to in the month of October. Please be sure to follow us on Twitter (@shioctathletics), Facebook (Shiocton School District), and Instagram (shiocton_school). And be sure to download the app (shiocton schools). #ShioctonPride

MATH MORNING

Friday, October 06
8AM - 10:15AM

Please join us from 8:00 - 10:15AM to learn more about the Math Expressions curriculum and see your child learning in the classroom.

Welcome 8:00- 8:15 LMC
Overview 8:15 - 8:50 LMC
In-classroom Observation 9:00 - 9:45
Review/Q&A 9:50 - 10:15 LMC

Please RSVP by October 2 to bbloedorn@shiocton.k12.wi.us

News & Information from the PK-6 Office

you join us! 😊

We are off to a great start to the 2017-2018 school year. We have many new students and also some new staff members. Welcome aboard! We are so excited to have

We welcome the following new PK-6 staff members:

Sarah Ellington – Middle School Special Education
 Natalie Sarazin – Middle School Interventionist (also High School Interventionist/Special Education)

We also welcome the following District Staff who will be working with students and staff at all grade levels:

Jim Johnson – School Psychologist
 Steve Mentzel – Athletic Director
 Laura Runge – Occupational Therapist
 Ann Schmidt – Physical Therapist
 Jari Bentle – Van driver, office coverage

Other Changes:

Sara Foster will be moving from high school math back to English Language Coordinator & Teacher--replacing Ray Nielsen.

It has been a pleasure working with the following PK-6 staff members who have moved on to other opportunities: Mike Breen (School Psychologist), Konnie Free (Middle School Special Education), Deb Goodman (Occupational Therapist), Sherry Jagiello (Occupational Therapist Assistant), Ray Nielsen (English Language Coordinator & Teacher), Sue Obertin (Physical Therapist), and Ryan Spaulding (Athletic Director). We thank each of you for your time & contributions in Shiocton and wish you all the best!

Important Information to Pass Along:

Picture Retake Day: Picture Retake Day is scheduled for Thursday, October 12.

*Anyone who did not have their picture taken on Picture Day in September should have their picture taken on this day.

STAR Testing: During the month of September and into early October, students in Grades K-8 will be STAR testing. This computerized testing will enable teachers to get a baseline of each child's reading and/or math levels. Students will be assessed a few times

throughout the year to help teachers make instructional decisions in order to meet individual needs and monitor individual progress throughout the school year.

Phonological Awareness Literacy Screening (PALS):

The Phonological Awareness Literacy Screening (PALS) is a research-based screening, diagnostic, and progress monitoring tool. Teachers in Grades K4-2 will be using this tool to screen their students during the months of September through early November. Students within these grade levels will also take this assessment again in the spring. This is another assessment which will provide the teachers with academic information about each child.

Parent-Teacher Conferences:

Mark your calendars! Conferences are coming up on October 10 and 18. You will receive specific information in the near future.

Reading Volunteers Needed:

This is the time of year when we solicit reading volunteers. If you have a few hours a week to read with elementary students, please contact the office at 986-3351 ext. 721 or Mrs. Griesbach at 986-3351 ext. 747. All you need is a few spare hours during the week and we will give you all the information that you need in order to be a successful reading volunteer. Please help spread the word to anyone else you think may be interested. We hope to hear from you soon!

Ways to Stay Connected All Year Long:

School Website – www.shiocton.k12.wi.us (click on the "Schools" tab and then EL Home or MS/HS Home)

Facebook – Like and/or follow **Shiocton School District**

Instagram – Follow [shiocton_school](https://www.instagram.com/shiocton_school)

Twitter - Follow @ShioctonSchools for general information for the entire district and @shiocathletics for sports related information.

I, along with the entire staff, am looking forward to a wonderful school year working with you and your child/children! Let's make it a G-R-E-A-T year!

Sincerely,
 Mrs. Kim Griesbach 😊
 PK-6 Principal
 986-3351 ext. 747

NEW this Year to our Playground: The Buddy Bench!

The Buddy Bench is a special place where students can go when they want someone to talk to or play with while outside at recess. This bench is special because it is distinctively designed only for students who need support, and encourages them to do so! The Buddy Bench is simple way to eliminate loneliness while also fostering friendships during our students recess time. It is a great way to teach

students the importance of inclusion and kindness, while also promoting FUN! Not only does it allow students the ability to include others, but it also allows school staff to identify students who may need additional support or those in need of new friendships. This bench has been utilized daily by our students and really helps build a positive school environment!

The Buddy Bench was introduced to our students in the first week of the 2017/2018 school year. Our Elementary School Counselor, Mrs. Kern, discussed the use of the Buddy Bench, ensuring that all children understand its uniqueness. To ensure the bench is being used to its best ability, "Buddy Bench Rules" have also been established and introduced to students during the introduction.

Buddy Bench Rules include:

- If you're sitting on the bench, play with the first classmate who invites you.
- While you're sitting on the bench, look around for a game you can join.
- Two friends sitting on the bench can turn to each other and invite each other to play.
- The bench isn't for socializing. Only sit there if you can't find anyone to play with.
- When you see someone on the bench, ask that person to play with you.
- Keep playing with your new friends!

A Great Start in Second Grade

By Mrs. Hoppe

We've kicked off a great new school year in second grade! Thank you, parents, for all of your help at home with learning the new homework routine. Your help and support at home is the key to success here at school. We're off to a fantastic start!

In October, we will be well into Reader's Workshop. The students are working on building stamina during read to self, thinking deeply about their books, and sharing their thinking with a book talk buddy, as well as meeting with their teacher for small group instruction.

Guided Reading groups are beneficial because we teach reading strategies from books that are exactly at your child's reading level. Listening to your child read each night and asking him/her thoughtful questions about what he/she is reading is a wonderful opportunity for your child to blossom as a reader. That one-on-one reading time is so important to their success as independent readers. It's also a great way to spend quality time with your child and to enjoy the books together.

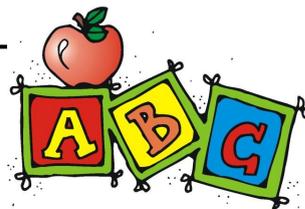

Our doors are always open to parents if you would like to visit. Also feel free to call, email, or send a note with any questions or concerns. Our daily lunch time is from 11:00-11:30. If you would like to help with lunchroom monitoring any day or on a regular basis, please contact your child's teacher.

Thanks again for all of your help at home. We are enjoying getting to know your child and helping them reach their goals. It's going to be a great year - full of growth and accomplishments!!

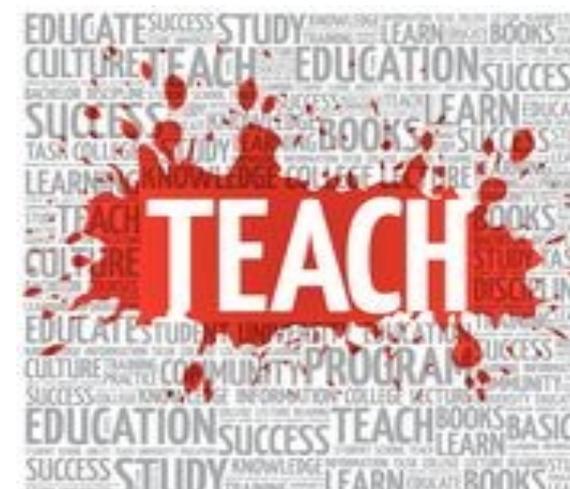

K4 News

By Mrs. Romenesko

The K4 students are off to a great start. We have been learning each other's names, learning the school and classroom rules, and learning how to share and take turns. The children have also been learning how to use a computer mouse. This has been a bit challenging seeing as so many children are familiar with using a tablet. When they touch the computer screen with their finger, nothing happens. This is quite confusing to them. We will continue to practice this throughout the school year.

We have been able to get outside and enjoy the beautiful weather. Playing outside really seems to help the children get to know one another and build good friendships. We are looking forward to a wonderful school year!

Upcoming GT Events

- Battle of the Books (GT Grades 4-5) - October thru February
- Noetic Learning Math Contest (Grades 3-6) – November
- School-wide Spelling Bee – January 2018

In Parenting for High Potential (Summer 2016, Vol. 5/Issue 6) six experts shared their ideas on 30 Things Parents and Gifted Kids Need to Know. The experts include: George Betts, Joy Lawson Davis, Jim Delisle, Jean Peterson, Karen B. Rogers, and Deb Douglass. Here are the kernels of their combined wisdom:

1. Giftedness lies within you, not just 180 days, but 365 days a year.
2. Do all you can to surround yourself with a positive, nourishing environment.
3. Find your group of true peers who will inspire, support, and encourage you.
4. Find your passion and engage in it.
5. All of the above will help you develop a positive self-concept and true self-esteem.
6. Focus on your dreams and not on the world's negative perceptions of you.
7. Surround yourself with people who support and understand your uniqueness.
8. Prove the naysayers wrong.
9. Take risks venturing into the unknown with confidence.
10. When others hesitate to accept your gifts for whatever reason, keep going.
11. You are more than the sum of your abilities.
12. Embrace your intensities, it's an asset not a liability.
13. Do what your passion is, even if others have another idea for you.
14. Advocate (politely and using diplomacy) for yourself.
15. You never outgrow your giftedness.
16. Learn how to ask for help when you need it.
17. It's ok to talk about your social and emotional life with trusted peers/adults.
18. Struggles will help you develop resilience and gain confidence in your ability to persevere.
19. Achievement level is not a guarantee of success in college and in adulthood.
20. Process (the doing) is as important as the product (what is produced)-perhaps even more important.
21. Know yourself.
22. Know your institutions.
23. Know your peers.
24. Know your community.
25. Know your education pathway.
26. Being gifted is not what you do, but who you are.
27. Remember that while you may be better at some things than others your age, that doesn't mean you're better than they are.
28. There are many ways to be gifted and gifted people are not all alike.
29. Being gifted means you may have different educational needs than some of your classmates.
30. Being gifted is a good thing.

My thoughts in addition to the above is having a growth mindset which enables everyone to discover potentials within themselves. We are all unique, like snowflakes!

K-6 Students

Classroom Guidance is well underway and it has been a pleasure getting to see all of my students again. It has also been extremely humbling to meet all of our new students and families! I will be in each classroom K-6, every other week to teach students skills that will help them become better students and friends, while also helping them understand how to manage their emotions.

Beyond classroom Guidance, I also see students for various reasons. I am available to meet with students weekly, or in group sessions based on the need. If you have any concerns you would like me to be aware of or if you would like me to meet with your child, please connect with me via phone or email.

I look forward to another amazing school year!

7-12 Students

Attention Seniors - Don't wait, complete your college applications. Contact your specific school for deadline dates.

Financial Aid opens October 1.

Fox Valley Technical College has open house night on October 3. Application fees are waived at this event.

October 10 Fox Valley Technical College representatives will present on the Promise Program and Financial Aid. This event will be

held in the LMC starting at 5:30 p.m. All parents and students are welcome to attend.

Attention Juniors - The PSAT will be administered on October 11 at 8:00 a.m. Mrs. Cornell will administer the exam in the LMC. Bring a calculator and pencils. Please stop in the Guidance Office to sign up and pay the \$15.00 fee.

Attention Sophomores - Party at the PAC is October 4. Students will experience a program at the PAC in Appleton promoting safe driving, alcohol and drug prevention, and good decision-making.

Upcoming Events

October 1—FAFSA opens for financial aid application

October 2—No School

October 3—FVTC Open House - application fees waived

October 4—Party at the PAC - Grade 10

October 6—Math Morning

October 10—Parent Teacher Conferences (4:15-8:00 p.m.)

October 10—5:30 p.m. FVTC Promise Program/ Financial Aid Speaker

October 11—PSAT Grade 11 students (registration required)

October 11-13—Camp U-Nah-Li-Ya (for Grade 5 students)

October 12—Picture Retake Day

October 19—Early Release: 12:10 p.m. dismissal

October 23-27—Red Ribbon Week Celebration (stay tuned for RRW activities)

October Character Trait **ASSERTIVENESS**

Being assertive is a very important tool for children to utilize. Assertiveness, not only allows students to have a solid self-esteem, but it also helps them have positive relationships with others.

Parents and/or guardians can help kids be assertive, by modeling assertive behavior and teaching children directly. There are also many helpful

resources online or at nearby libraries that can help you teach assertiveness to your child.

Here is what it means to be assertive:

- Give an opinion or say how you feel
- Respectfully disagree
- Ask for what you want or need
- Say no without feeling guilty
- Offer your ideas
- You can speak up for someone who may not be assertive

Healthy Carbohydrates

Carbohydrates often get a bad rap, especially when it comes to weight gain. But carbohydrates aren't all bad. Because of their numerous health benefits, carbohydrates have a rightful place in your diet. In fact, your body needs carbohydrates to function well.

But some carbohydrates might be better for you than others. Understand more about carbohydrates and how to choose healthy carbohydrates.

Carbohydrates are a type of macronutrient found in many foods and beverages. Most carbohydrates occur naturally in plant-based foods, such as grains. Food manufacturers also add carbohydrates to processed foods in the form of starch or added sugar.

Common sources of naturally occurring carbohydrates include: Fruits, Vegetables, Milk, Nuts, Grains, Seeds, and Legumes.

There are three main types of carbohydrates:

Sugar

Sugar is the simplest form of carbohydrate and occurs naturally in some foods, including fruits, vegetables, milk, and milk products. Types of sugar include fruit sugar (fructose), table sugar (sucrose), and milk sugar (lactose).

Starch

Starch is a complex carbohydrate, meaning it is made of many sugar units bonded together. Starch occurs naturally in vegetables, grains, and cooked dry beans and peas.

Fiber

Fiber also is a complex carbohydrate. It occurs naturally in fruits, vegetables, whole grains, and cooked dry beans and peas.

Despite their bad rap, carbohydrates are vital to your health for a number of reasons:

Providing energy

Carbohydrates are your body's main fuel source. During digestion, sugars and starches are broken down into simple sugars. They're then absorbed into your bloodstream, where they're known as blood sugar (blood glucose).

From there, glucose enters your body's cells with the help of insulin. Glucose is used by your body for energy, and fuels all of your activities — whether it's going for a jog or simply breathing. Extra glucose is stored in your liver, muscles, and other cells for later use, or is converted to fat.

Protecting against disease

Some evidence suggests that whole grains and dietary fiber from whole foods help reduce your risk of cardiovascular diseases. Fiber may also protect against obesity and Type 2 Diabetes. Fiber is also essential for optimal digestive health.

Controlling weight

Evidence shows that eating plenty of fruit, vegetables, and whole grains can help you control your weight. Their bulk and fiber content aids weight control by helping you feel full on fewer calories. Contrary to what low-carb diets claim, very few studies show that a diet rich in healthy carbohydrates leads to weight gain or obesity.

Carbohydrates are an essential part of a healthy diet, and provide many important nutrients. Still, not all carbs are created equal.

Here's how to make healthy carbohydrates work in a balanced diet:

Emphasize fiber-rich fruits and vegetables. Aim for whole fresh, frozen, and canned fruits and vegetables without added sugar. Whole fruits and vegetables also add fiber, water, and bulk, which help you feel fuller on fewer calories.

Choose

whole

grains. Whole grains are better sources than refined grains of fiber and other important nutrients, such as B vitamins. Refined grains go through a process that strips out parts of the grain — along with some of the nutrients and fiber.

Stick to low-fat dairy products. Milk, cheese, yogurt, and other dairy products are good sources of calcium and protein, plus many other vitamins and minerals. Consider the low-fat versions, to help limit calories and saturated fat. And beware of dairy products that have added sugar.

Eat more legumes. Legumes — which include beans, peas, and lentils — are among the most versatile and nutritious foods available. They are typically low in fat and high in folate, potassium, iron and magnesium, and they contain beneficial fats and fiber. Legumes are a good source of protein and can be a healthy substitute for meat, which has more saturated fat and cholesterol.

Limit added sugars. Added sugar probably isn't harmful in small amounts. But there's no health advantage to consuming any amount of added sugar.

So choose your carbohydrates wisely!

THE BOSS BABY

SPICE Family Movie Night

Boss Baby

Friday, October 27

Movie starts at 7:00 p.m.

Concessions available!!

S.P.I.C.E. is off to a Great Start!

SPICE has kicked off the school year with many exciting events taking place on our calendar. Watch for information coming home throughout the year concerning activities and events we are sponsoring! We will need all the help we can get to make our ventures successful, so please consider volunteering to help anywhere you can. Every person makes a difference!

Our next meeting will be held October 4 at 6:00 p.m. in the LMC. We would love to see more new faces and hear new input as our group continues to grow! Join us!

As always, thank you for your continued support of SPICE!

THE UPBEAT!

THE OFFICIAL NEWSLETTER FOR SHIOCTON MUSIC

FROZEN PIES ARE BACK!!

Back by popular demand, the band and choir students are selling Edwards Pies again this year! All profits from this fundraiser go to students, deposited into an individual account set up for use towards music trips/activities. The more a student sells, the more he or she knocks off the price of a future music trip. It is only to the students' advantage to sell big! So...if you're looking for an easy dessert to bring to that Packer party or for Thanksgiving this year, here's a great way to satisfy your appetite and help a band/choir student raise money for their music activities. Pies will be picked up and delivered by students on November 9. Help support our music kids. Look for a band/choir student and place your order **October 2-16!**

CHOIR PRESENTS FALL CONCERT

The choirs (Grades 6-12) will feature a fall concert on **Monday, October 23 at 7:00 p.m.** in the **High School Gymnasium**. This year's theme is *From Sea to Shining Sea*, with a tribute to our country's folksong heritage. We hope you will join us!

MUSIC PARENTS MEETING

We will host a Music Parents meeting on **Thursday, November 9 at 6:00 p.m.** in the **Band Room** following our annual fundraiser pickup. Topics to include our chili dinner fundraiser in December, hosting the conference honors band/choir festival in January, and running concessions at the archery tournament later on this year. We hope you can make it!

WHY MUSIC EDUCATION ROCKS!?!?

DID YOU KNOW...

1. It boosts kids' brain power.
2. It improves kids' memory.
3. It helps kids socially.
4. It's a confidence builder.
5. It teaches patience.
6. It helps connect people.
7. It's constant learning.
8. It's a great form of expression.
9. It teaches discipline.
10. It fosters creativity.

Classes will be held in the Early Childhood room E152. Themes will be based on the season and time of year. Any questions, please contact Ashley Schwister (920) 986-3351 ext. 717.

Parents will need to RSVP for each class. Due to the space available, there will be a max of 15 children able to attend each play group. Monday before each group, parents need to call and reserve a spot for their child for that Friday. For example, the first play group will be September 15, please start calling or e-mailing September 11. Call Ashley Schwister at (920) 986-3351 ext. 717 or email:

aschwister@shiocton.k12.wi.us

SWAT Out Cancer Event Coming to Shiocton High School

Shiocton High School's SWAT (Students With Alternative Thinking) plan to hold a "SWAT Out Cancer" event at Shiocton High School's JV and Varsity Volleyball games on Tuesday, October 3. Activities planned are: basket raffle, t-shirt sale, and bake sale. Please join us in supporting not only the SHS volleyball team, but also the SWAT students, as they look to bring awareness to Non-Hodgkin's Lymphoma (NHL). Proceeds from the event will be donated to the American Cancer Society, which was chosen by the SWAT students. If you would like to learn more about NHL, please check out the following links:

<https://www.cancer.org/cancer/non-hodgkin-lymphoma.html>

<http://www.lymphomacoalition.org/>

Thank you in advance for your support of this worthwhile event.

Archery Club Kick Off Registration and Meeting

Thursday October 12 @ 6:00 p.m.
in the school cafeteria.

Registration will follow a short meeting.
The registration fee is \$20.00 per child.
